NOTES ON NEWS OF THE DAY.

ONLY two months more of Grover Cleveland. What wonder that the skies are bright?

GOV. HILL has promised to make the appointments of the Judges of the new Court of Appeals on the 17th inst. Seven Judges are to be selected from the present Supreme Court list.

MR. WHITE is running for Mayor of Windsor, Canada, on the simple platform of 'annexation to the United States." His election will not annex, but will show what the Windsorians think about it. And it is a pretty bold platform.

MRS. CLEVELAND is quoted as saying that she and her husband will visit in Buffalo for a few weeks after March 4th and then settle in Georgetown. Red Top is for sale, as it is too far from Washington for social and business convenience.

JAMES MCSHANE, late Minister of Public Works for the province of Quebec, was yesterday fined $400 at Montreal for bribing two voters, and also disqualified from sitting in Parliament for seven years. If McShane lived in the United States he would be a Democrat.

MR. BLAINE went to Washington yesterday to spend the winter. He has engaged apartments at the new La Normandie hotel, and his family will soon join him. There is no politics in this arrangement, as it was made before the election. The air of Washington agrees better with Mr. Blaine's health in winter than the frigid climate of Maine.

THE Indiana Democrats have never divulged the name of the man who gave out the alleged Dudley letter. If they were to do so, he would be indicted and sent to prison for forgery as soon as the machinery of the courts could "work him off." The Democratic effort in Indianapolis is not for the conviction of a criminal, but for the shielding of one from punishment.

ROBERT ELDER was hanged at May's Landing, N. J., yesterday for the murder of hit father. The crime was committed to protect the young man's mother, who was being brutally beaten by his father. The latter also threatened to take his son's life before the shooting occurred. There is not much mercy in Jersey justice, though the young man might have fared better if he had not served two terms in prison for stabbing assaults.

MR. TILDEN'S nephews, Samuel J., Jr., and George H., have been ordered to leave the store in Liberty-street, New York, which they have occupied as pharmacists and chemists for several years, because they cannot pay the rent. The claim against them is $250. They will remove the business to their factory at New Lebanon. The Tilden family went to smash quite rapidly after the "old man" was gone, whose shoes they had long been waiting for but did not get.

THE Boston *Herald* is to become an out-and-out Republican paper under the new management. It has been Mugwumpish for years with a Democratic tendency. The New York *Graphic* recently abandoned Democracy and walked straight into the Republican camp. The Troy *Press* was recently purchased by a thorough-going Republican, who is trying to let his Democratic patrons down easy, as a preliminary to taking a square-toed stand for his own party. Verily there has been a "campaign of intellect."

MRS. CHRISTIAN HOLZWORTH of Lowville, Lewis county, has just received a back pension amounting to $12,000 and will be paid $45 per month hereafter. Her husband has been confined in an insane asylum for sixteen years in consequence of disease contracted in the service, during which time she has maintained herself and four children by washing and other hard work. The pension comes now to sustain her in old age and after she, like her husband, is well worn out by hard service.

THE reduction of the public debt in December "less cash in the Treasury," was $14,427,595. The debt, deducting cash, is $1,134,062,258. The actual indebtedness of the United States including interest, is $1,685,363,271, having been reduced $5,611,980 during the month. During the year 1888 the funded debt was reduced by purchases $100,720,090, of which $51,327,790 was 4 per cents, and $49,392,300 was 4½ per cents. The cash in the Treasury is $60,636,264; there is also $23,743,797 of fractional silver and minor coins on hand.

LIEUT. GOV. JONES has given his views on ballot reform to the New York *World*, and we print them in another place. He disagrees with Gov. Hill at every point, and very positively on the most important one—the furnishing of ballots by the county or state, and allowing access to them only after the voter has reached the polling booth. The Governor's plan would leave the voters till exposed to the blandishments of the vote-buyer; the Lieutenant Governor's would shut the door. The Governor's plan would make office the spoil of the rich; the Lieutenant Governor's would give every honorable and capable man a chance. Jones is ahead again, just as he was on election day.

GEN. GOFF will be inaugurated Governor of West Virginia on the 4th of March. This fact is admitted by Fleming, his Democratic opponent, who will contest the election in the Legislature, which meets at that time. Senator Carr, the Independent, has taken his place in the Republican fold, and his vote will give the Republicans a majority of two in the Senate. The Republicans will at once proceed to unseat Yeater and Sweeney, two Democratic Senators who were elected by fraud. This will make the Republican majority six in the Senate and three on joint ballot. Then Goff will be elected United States Senator, and either Carr or N. B. Scott will be chosen President of the Senate and go thence to the Governor's chair. The Democrats of West Virginia begin to confess that they have been beaten at every point, though the electoral vote of the state will go to Cleveland.

IN CONGRESS TO-DAY.

Business Transacted in the Senate and House.

WASHINGTON, Jan. 4.—In the Senate today Mr. Sherman, from the Committee on Foreign Relations, reported a resolution [which was agreed to] calling on the President for correspondence and information touching recent occurrences in the Island of Hayti, both as relates to the state of the Government there, and to the seizure and delivery of the American vessel, the Haytien Republic.

Mr. Sherman also, from the same Committee, reported back favorably Mr. Edmunds' joint resolution as to the Panama Canal as follows:

Resolved, That the Government of the United States will look with serious concern and disapproval on any connection of any European Government with the construction or control of any ship canal across the Isthmus of Darien, or across Central America, and must regard any such connection or control as injurious to the just rights and interests of the United States and as a menace to their welfare.

Resolved, That the President be requested to communicate this expression of the views of Congress to the Governments of the countries of Europe.

The resolution was placed on the calendar, and Mr. Sherman gave notice that he would to-morrow ask for its consideration, and he hoped it would receive the unanimous approval of the Senate.

The Senate then resumed consideration of the tariff bill.

IN THE HOUSE OF REPRESENTATIVES.

By Telegraph to The Freeman.

WASHINGTON, Jan. 4.—In the House today Mr. Dunn, of Arkansas, called up the Nicaragua Canal bill, with the amendment agreed to in Committee of the Whole, upon which the previous question was ordered before the holiday recess was taken. The first amendment upon which a yea and nay vote was demanded was that offered by Mr. Holman, providing that nothing in the act shall be construed to commit the United States to liability on account of the Nicaragua Company, and requiring this proviso to be printed on every bond, certificate of stock or other obligation issued by the Company.

THE MARITIME CANAL CO.

By Telegraph to The Freeman.

WASHINGTON, Jan. 4.—The House has passed, with numerous amendments the Senate bill to incorporate the Maritime Canal Company, of Nicaragua, by a vote of yeas 157, nays 34.

STRONG RAILROAD SYNDICATE FORMED

Duluth & Winnipeg Will be Built at Once to Points in North-West.

By Telegraph to The Freeman.

CHICAGO, Jan. 4.—A local paper says a meeting in this City, last week, of prominent officials and stockholders of the Duluth & Winnipeg Railroad Company, was for the purpose of forming a construction syndicate to provide means for the completion of the road. The movement resulted in the creation of one of the most powerful railroad syndicates ever organized for operation in the northwest. It is composed of eastern and western capitalists, representing New-York, Boston, Chicago, St. Paul, Duluth, Dubuque and Michigan. It is stated that the road will be built at once to the Mississippi River and to Manitoba and other points north west.

SUIT AGAINST A RAILROAD.

By Telegraph to The Freeman.

ST. PAUL, Minn., Jan. 4.—The United States Government has begun suit against the Northern Pacific Railroad Company, to recover between $5,000,000 and $6,000,000 on account of timber depredations.

FREE TRADERS IN CONFERENCE.

Ex-Lieut.-Governor Black Made Suggestions as to "Enlightening" Voters.

By Telegraph to The Freeman.

HARRISBURG, Pa., Jan. 4.—A number of prominent Democrats, including Chairman Kisner, ex-Lieutenant-Governor Black and Major Worman, of Philadelphia, held a conference here, yesterday, to arrange for the annual meeting of the Committee to discuss plans to facilitate the formation of Democratic societies, and to make them effective aids of the party. Ex-Lieutenant-Governor Black made a number of suggestions looking to the political enlightenment of the voters of Pennsylvania, by the dissemination of tariff reform tracks. Mr. Black is President of the National League of Democratic Clubs.

PERISHED ON THE STEAMER ADAMS.

The Loss of Life was 42 Instead of 14, as Previously Reported.

By Telegraph to The Freeman.

MEMPHIS, Jan. 4.—The United States inspectors who are investigating the burning of the steamer Kate Adams, have obtained evidence which satisfies them that 42 persons were lost instead of 14, as reported. It appears that 18 children among the deck passengers and 10 of the boat's crew perished in addition to the victims previously noted.

EVICTIONS IN COUNTY DONEGAL.

The Baliffs and Police Repulsed After a Desperate Struggle.

By Cable to The Freeman.

DUBLIN, Jan. 4.—The eviction of tenants on the Olphert estates at Falcarragh, County Donegal, was continued to-day. The evictors went to the house of a tenant named Doogan, but found the place defended by a score of men armed with rifles who had entrenched themselves behind the loop-holed walls. The priests who accompanied the evictors entreated the defenders to leave the house, but the men refused to pay any attention to them. The riot act was then read, and the soldiers were about to fire on the house when the magistrate stopped them and notified the party in the house that he would give them an hour in which to reflect upon the course they would pursue. After the expiration of the hour the defenders announced that they would not use their rifles. The bailiffs and police then attacked the house, and, after a desperate struggle, were repulsed. Finally the priests persuaded the men to surrender. A Police Inspector was badly wounded.

By Telegraph to The Freeman.

NEW-YORK, Jan. 4.—A Washington special says the Navy Department has received a dispatch from Rear Admiral Luce, stating that yellow fever had broken out on the Yantic, and that it had left Jamaica for New-York on that account.

Concerning Certain Correspondence.

By Cable to The Freeman.

LONDON, Jan. 4.—The *Pall Mall Gazette*, referring to the correspondence between Count Herbert Bismarck and Sir Robert Morier, the British Ambassador to Russia, in reference to the charges that the latter sent information to Marshal Bazaine of German military movements during the war of 1870, says it regrets that Count Herbert did not profit by the chance Sir Robert Morier gave him to behave like a gentleman and a man of honor. It is sorry his subterfuge discredits the name he bears. Emperor William, says the *Gazette*, cannot desire that his father's friend should be insulted by Prince Bismarck's son.

The Dissatisfied Railroad Engineers.

By Telegraph to The Freeman.

CHICAGO, Jan. 4.—In accordance with the arrangement made yesterday, the Grievance Committee of the Brotherhood of Locomotive Engineers appeared at the general offices of the Chicago, Burlington & Quincy railroad, this morning, and a further conference with the officers of the Company in regard to the proposed settlement of the strike was held.

By Telegraph to The Freeman.

By Telegraph to The Freeman.

A Fight Now in Progress on One of the Coal Docks There.

By Telegraph to The Freeman.

DULUTH, Minn., Jan. 4.—The strike of the coalheavers assumed serious proportions to-day. About 10 A. M., 300 strikers visited Dock No. 1, where 30 Italians were at work guarded by a line of policemen. They proposed to whip the "dagoes," and attacked the line. A lively fight ensued and the police used their clubs. A number of strikers had their heads cut, but no policemen were hurt. The strikers finally retreated.

The family will all reach here next week and spend the winter in Washington.

NOTES ON NEWS OF THE DAY.

ONLY two months more of Grover Cleveland. What wonder that the skies are bright?

GOV. HILL has promised to make the appointments of the Judges of the new Court of Appeals on the 17th inst. Seven Judges are to be selected from the present Supreme Court list.

MR. WHITE is running for Mayor of Windsor, Canada, on the simple platform of 'annexation to the United States." His election will not annex, but will show what the Windsorians think about it. And it is a pretty bold platform.

MRS. CLEVELAND is quoted as saying that she and her husband will visit in Buffalo for a few weeks after March 4th and then settle in Georgetown. Red Top is for sale, as it is too far from Washington for social and business convenience.

JAMES MCSHANE, late Minister of Public Works for the province of Quebec, was yesterday fined $400 at Montreal for bribing two voters, and also disqualified from sitting in Parliament for seven years. If McShane lived in the United States he would be a Democrat.

MR. BLAINE went to Washington yesterday to spend the winter. He has engaged apartments at the new La Normandie hotel, and his family will soon join him. There is no politics in this arrangement, as it was made before the election. The air of Washington agrees better with Mr. Blaine's health in winter than the frigid climate of Maine.

THE Indiana Democrats have never divulged the name of the man who gave out the alleged Dudley letter. If they were to do so, he would be indicted and sent to prison for forgery as soon as the machinery of the courts could "work him off." The Democratic effort in Indianapolis is not for the conviction of a criminal, but for the shielding of one from punishment.

ROBERT ELDER was hanged at May's Landing, N. J., yesterday for the murder of hit father. The crime was committed to protect the young man's mother, who was being brutally beaten by his father. The latter also threatened to take his son's life before the shooting occurred. There is not much mercy in Jersey justice, though the young man might have fared better if he had not served two terms in prison for stabbing assaults.

MR. TILDEN'S nephews, Samuel J., Jr., and George H., have been ordered to leave the store in Liberty-street, New York, which they have occupied as pharmacists and chemists for several years, because they cannot pay the rent. The claim against them is $250. They will remove the business to their factory at New Lebanon. The Tilden family went to smash quite rapidly after the "old man" was gone, whose shoes they had long been waiting for but did not get.

THE Boston *Herald* is to become an out-and-out Republican paper under the new management. It has been Mugwumpish for years with a Democratic tendency. The New York *Graphic* recently abandoned Democracy and walked straight into the Republican camp. The Troy *Press* was recently purchased by a thorough-going Republican, who is trying to let his Democratic patrons down easy, as a preliminary to taking a square-toed stand for his own party. Verily there has been a "campaign of intellect."

MRS. CHRISTIAN HOLZWORTH of Lowville, Lewis county, has just received a back pension amounting to $12,000 and will be paid $45 per month hereafter. Her husband has been confined in an insane asylum for sixteen years in consequence of disease contracted in the service, during which time she has maintained herself and four children by washing and other hard work. The pension comes now to sustain her in old age and after she, like her husband, is well worn out by hard service.

THE reduction of the public debt in December "less cash in the Treasury," was $14,427,595. The debt, deducting cash, is $1,134,062,258. The actual indebtedness of the United States including interest, is $1,685,363,271, having been reduced $5,611,980 during the month. During the year 1888 the funded debt was reduced by purchases $100,720,090, of which $51,327,790 was 4 per cents, and $49,392,300 was 4½ per cents. The cash in the Treasury is $60,636,264; there is also $23,743,797 of fractional silver and minor coins on hand.

LIEUT. GOV. JONES has given his views on ballot reform to the New York *World*, and we print them in another place. He disagrees with Gov. Hill at every point, and very positively on the most important one—the furnishing of ballots by the county or state, and allowing access to them only after the voter has reached the polling booth. The Governor's plan would leave the voters till exposed to the blandishments of the vote-buyer; the Lieutenant Governor's would shut the door. The Governor's plan would make office the spoil of the rich; the Lieutenant Governor's would give every honorable and capable man a chance. Jones is ahead again, just as he was on election day.

GEN. GOFF will be inaugurated Governor of West Virginia on the 4th of March. This fact is admitted by Fleming, his Democratic opponent, who will contest the election in the Legislature, which meets at that time. Senator Carr, the Independent, has taken his place in the Republican fold, and his vote will give the Republicans a majority of two in the Senate. The Republicans will at once proceed to unseat Yeatef and Sweeney, two Democratic Senators who were elected by fraud. This will make the Republican majority six in the Senate and three on joint ballot. Then Goff will be elected United States Senator, and either Carr or N. B. Scott will be chosen President of the Senate and go thence to the Governor's chair. The Democrats of West Virginia begin to confess that they have been beaten at every point, though the electoral vote of the state will go to Cleveland.

MEETING OF SCIENTISTS.

The American School of Classical Archaeology Resumes its Sessions in Athens, Greece.

By Telegraph to The Freeman.

WASHINGTON, Jan. 4.—In the Senate today Mr. Sherman, from the Committee on Foreign Relations, reported a resolution [which was agreed to] calling on the President for correspondence and information touching recent occurrences in the Island of Hayti, both as relates to the state of the Government there, and to the seizure and delivery of the American vessel, the Haytien Republic.

Mr. Sherman also, from the same Committee, reported back favorably Mr. Edmunds' joint resolution as to the Panama Canal as follows:

Resolved, That the Government of the United States will look with serious concern and disapproval on any connection of any European Government with the construction or control of any ship canal across the Isthmus of Darien, or across Central America, and must regard any such connection or control as injurious to the just rights and interests of the United States and as a menace to their welfare.

Resolved, That the President be requested to communicate this expression of the views of Congress to the Governments of the countries of Europe.

The resolution was placed on the calendar, and Mr. Sherman gave notice that he would to-morrow ask for its consideration, and he hoped it would receive the unanimous approval of the Senate.

The Senate then resumed consideration of the tariff bill.

IN THE HOUSE OF REPRESENTATIVES.

By Telegraph to The Freeman.

WASHINGTON, Jan. 4.—In the House today Mr. Dunn, of Arkansas, called up the Nicaragua Canal bill, with the amendment agreed to in Committee of the Whole, upon which the previous question was ordered before the holiday recess was taken. The first amendment upon which a yea and nay vote was demanded was that offered by Mr. Holman, providing that nothing in the act shall be construed to commit the United States to liability on account of the Nicaragua Company, and requiring this proviso to be printed on every bond, certificate of stock or other obligation issued by the Company.

STRONG RAILROAD SYNDICATE FORMED

Duluth & Winnipeg Will be Built at Once to Points in North-West.

By Telegraph to The Freeman.

CHICAGO, Jan. 4.—A local paper says a meeting in this City, last week, of prominent officials and stockholders of the Duluth & Winnipeg Railroad Company, was for the purpose of forming a construction syndicate to provide means for the completion of the road. The movement resulted in the creation of one of the most powerful railroad syndicates ever organized for operation in the northwest. It is composed of eastern and western capitalists, representing New-York, Boston, Chicago, St. Paul, Duluth, Dubuque and Michigan. It is stated that the road will be built at once to the Mississippi River and to Manitoba and other points north west.

Ex-Lieut.-Governor Black Made Suggestions as to "Enlightening" Voters.

By Telegraph to The Freeman.

HARRISBURG, Pa., Jan. 4.—A number of prominent Democrats, including Chairman Kisner, ex-Lieutenant-Governor Black and Major Worman, of Philadelphia, held a conference here, yesterday, to arrange for the annual meeting of the Committee to discuss plans to facilitate the formation of Democratic societies, and to make them effective aids of the party. Ex-Lieutenant-Governor Black made a number of suggestions looking to the political enlightenment of the voters of Pennsylvania, by the dissemination of tariff reform tracks. Mr. Black is President of the National League of Democratic Clubs.

PERISHED ON THE STEAMER ADAMS.

The Loss of Life was 42 Instead of 14, as Previously Reported.

By Telegraph to The Freeman.

MEMPHIS, Jan. 4.—The United States inspectors who are investigating the burning of the steamer Kate Adams, have obtained evidence which satisfies them that 42 persons were lost instead of 14, as reported. It appears that 18 children among the deck passengers and 10 of the boat's crew perished in addition to the victims previously noted.

EVICTIONS IN COUNTY DONEGAL.

The Baliffs and Police Repulsed After a Desperate Struggle.

By Cable to The Freeman.

DUBLIN, Jan. 4.—The eviction of tenants on the Olphert estates at Falcarragh, County Donegal, was continued to-day. The evictors went to the house of a tenant named Doogan, but found the place defended by a score of men armed with rifles who had entrenched themselves behind the loop-holed walls. The priests who accompanied the evictors entreated the defenders to leave the house, but the men refused to pay any attention to them. The riot act was then read, and the soldiers were about to fire on the house when the magistrate stopped them and notified the party in the house that he would give them an hour in which to reflect upon the course they would pursue. After the expiration of the hour the defenders announced that they would not use their rifles. The bailiffs and police then attacked the house, and, after a desperate struggle, were repulsed. Finally the priests persuaded the men to surrender. A Police Inspector was badly wounded.

Concerning Certain Correspondence.

By Cable to The Freeman.

LONDON, Jan. 4.—The *Pall Mall Gazette*, referring to the correspondence between Count Herbert Bismarck and Sir Robert Morier, the British Ambassador to Russia, in reference to the charges that the latter sent information to Marshal Bazaine of German military movements during the war of 1870, says it regrets that Count Herbert did not profit by the chance Sir Robert Morier gave him to behave like a gentleman and a man of honor. It is sorry his subterfuge discredits the name he bears. Emperor William, says the *Gazette*, cannot desire that his father's friend should be insulted by Prince Bismarck's son.

The Dissatisfied Railroad Engineers.

By Telegraph to The Freeman.

CHICAGO, Jan. 4.—In accordance with the arrangement made yesterday, the Grievance Committee of the Brotherhood of Locomotive Engineers appeared at the general offices of the Chicago, Burlington & Quincy railroad, this morning, and a further conference with the officers of the Company in regard to the proposed settlement of the strike was held.

DISORDERLY STRIKERS IN DULUTH.

A Fight Now in Progress on One of the Coal Docks There.

By Telegraph to The Freeman.

DULUTH, Minn., Jan. 4.—The strike of the coalheavers assumed serious proportions to-day. About 10 A. M., 300 strikers visited Dock No. 1, where 30 Italians were at work guarded by a line of policemen. They proposed to whip the "dagoes," and attacked the line. A lively fight ensued and the police used their clubs. A number of strikers had their heads cut, but no policemen were hurt. The strikers finally retreated.

By Telegraph to The Freeman.

NEW-YORK, Jan. 4.—The Excise Revision Commission met again to-day. The body considered the draft of the bill embracing the entire work of the Commission. Max D. DEMOCRATIC VOTES IN THE MARKET.

The recent admission of a well known Supreme Court Judge that the price of votes (Democratic only) at elections had suddenly gone up from $1 to $25 was read generally with surprise and by many with doubt. Then came the accusation of Gov. Hill in his message that "electors were bought and sold like goods and chattels in the open market," and doubts began to disappear, for it was believed that the Governor knew what he was talking about. Now another witness turns up in the person of Arthur L. Andrews of Albany, a Democrat, who indulged a reporter of the *Morning Express* with an interview on the merits of the Governor's message. Mr. Andrews talked about the corruption of voters, and the necessity of legislation to check it. Here is a part of what he said:

I dare say that if the Democratic managers here were frank they would tell you that they have to buy at least half of their votes in certain districts. The men won't vote the Republican ticket, but they want pay just the same for being Democrats. The more money they think the politicians have, the more they ask for their votes.

This statement lets loose a flood of light. Mr. Andrews appears to have got as near to the truth as the Supreme Court Judge whom we have quoted and a little nearer than Gov. Hill. The Democratic difficulty is not caused by Republican money, for these purchasable men will not vote the Republican ticket. They are Democrats now and always, but having been informed that the party managers have raised an big fund for the purchase of votes, they want a share. If they get it they vote the Democratic ticket as usual. If they don't get it they stay at home. Reports from every quarter of the state indicate that they got it, and that in Elmira, where the Governor took charge of the canvass in person, the price was higher than anywhere else.

Under these circumstances it does not become Democrats to talk about the immorality of vote selling. The crime is all within their own party. No complaints come from the other side. The Republican party has chosen to rely upon the intelligence and conscience of the country. Hence it would not dare to stoop to the open and shameless methods of debauchery complained of by the Democratic leaders, who now, after acquiescing for a quarter of a century in all vicious plans for winning elections, including wholesale murder in one section of the country, are startled because the venal voter has learned to put a higher price on the valuable commodity that he carries to the polls.

The Governor says he wants more reform legislation. He likes the Australian plan, but would have it so modified that the vote-buyer can fix the voter's ticket, accompany him to the threshold of the voting place, and keep an eye on him till the vote is cast. This would not be reform; it would only enable the "heeler" to add the arts of bulldozing and intimidation to bribery, the only escape from which could be effected by resolutely staying at home. Now add to this the Governor's proposition to compel all qualified citizens to vote, and you have a system that would undoubtedly enable the party in power to cheapen the price of votes considerably.

Between the Democratic party and the voters who have made life a burden to the managers by the extravagance of their prices, a Republican Legislature has no call to interfere. The Republican party demands of the Legislature the Saxton bill as a measure both of reform in party politics, and of protection to the individual voter in his rights. Gov. Hill has vetoed this bill once, and intimates that he would do it again. Very well. The Republican party can stand it if he can. The Republican party does not pay $25 for votes. And it sees no difference in the moral quality that permits one Democrat to sell his vote for $1 and another to ask $25 for it. So long as the Democratic party makes the demand for ballot reform a question of schedules, it is going to get very little sympathy from the party whose supporters hold their votes above all price.

THE CRY FOR MORE MONEY.

Superintendent Lathrop, who was placed in charge of the state prisons because he was a Democratic politician badly in want of an office, comes to the front again with a plea for more money in his annual report. He represents the prisons as in a deplorable condition, the expenses running far ahead of the receipts, the prisoners suffering in health and morals for want of work, and all efforts to establish a successful and profitable employment system melancholy failures. Nothing has been done to improve the condition of affairs since the Legislature, called together in August last by Gov. Hill in the hope that it would vote to put $1,000,000 or $1,200,000 into Mr. Lathrop's hands, blasted Democratic hopes by voting him a paltry quarter of a million. If Mr. Lathrop had since endeavored as a matter of spite to make the prisons as bad and as costly as possible, he could hardly have produced a worse state of affairs than he sets forth in his report.

No such reports were made by Superintendent Baker, a practical business man who shut politics entirely out of his management. He made the prisons self-supporting, and instead of constantly appealing to the Legislature for more money, had a surplus to put into the treasury every quarter. There should really be no serious difference in the results of the various systems, and there would not be under a management conducted on business principles. While the state made money out of the contract system, the contractors also received satisfactory dividends. Now under a system that crowds out the contractor and allows the state the entire benefit of the prisoners' labor, it actually costs the state more to keep them at work than to support them in idleness.

The pathetic plea of the Superintendent that "the unfortunate men [convicts] are deteriorating in mind, body and moral stamina" from their enforced idleness is not likely to touch a responsive chord of sympathy in any sensible person's breast. Men who when free never did any work, but lived by preying on society, are not likely to die for want of work now. They only feel the severity of their punishment when required to do the ordinary days' work of a free workingman.

It is not a question of systems, but of brains, capacity and honesty at the head of any system, to which the attention of the Legislature should be directed. The prisons are being worked now for all the political benefits that can be squeezed out of them, and as long as this continues there will come up the cry for more money if our law-makers are patient listeners.

A BAD NOMINATION WITHDRAWN.

President Cleveland yesterday withdrew the nomination of Leon O. Bailey for United States District Attorney of Indiana without waiting for the Senators to reject it, as they certainly would have done. Bailey is the man who compiled all the campaign lies and slanders afloat against Harrison into a speech and peddled them over the state. He took a contract to indict W. W. Dudley for bribery after District Attorney Sellers had given up the prosecution as preposterous and resigned. In carrying out this contract he arranged to subpœna before the grand jury every visitor to Gen. Harrison, but suddenly abandoned the program when Senator Quay appeared, because the Senator would have a vote to cast on the question of his confirmation. Since that time Harrison's visitors have not been molested, and as there was nothing to be accomplished by the prosecution except the harrassment of the friends of the President-elect, Bailey allowed the case to drop. His nomination was regarded in Indiana as an insult to Harrison, while the character of the man himself was so bad that many Democrats condemned it. The President has at last become convinced that he made a mistake.

In place of Bailey Mr. Cleveland sent to the Senate the name of Solomon Claypool, a capable and respected Democratic lawyer of Indianapolis, who had been appointed Deputy under Bailey after Sellers' resignation. Claypool is not popular among the Democratic politicians of Indiana because of his activity in prosecuting several members of the party for election crimes and sending them to prison. But his appointment was recommended by Justice Harlan, a Republican member of the United States Supreme Court, and was made by the President in the belief that he would be confirmed by the Senate, and that the incoming President would not disturb him.

It is possible that Mr. Cleveland was not fully informed of Bailey's bad character when he appointed him. The withdrawal of the nomination is a creditable act, as is likewise the nomination of Claypool. The Senate will probably confirm the latter if his commission is made to run only till the end of Sellers' term.

JONES ON BALLOT RAFORM.

The Lieutenant Governor Speaks Out Against Governor Hill's Attitude.

[Lieut. Governor Edward F. Jones in the World.]

The most important question that should be settled by the incoming Legislature is that of ballot reform. I have given the subject as to how we can come the nearest to an honest expression of the will of the people some consideration and the following is the crude outcome of my thought: Every voter should be protected in freedom of choice as to how he will vote. To achieve this desideratum independence and secrecy are requisite. To accomplish these let the ballots be furnished by the state, county or municipality, as the case may be. The polling places should be kept free from intrusion of all others. After procuring the ballots the voter to pass through a room alone—that is to say, no person but the one voter should be allowed in the room, and he protected from observation. In that room should be placed a full set of all the ballots, easily accessible to the voter, so that if he chooses he can change his ballots with secrecy assured. He passes through the room into the voting place, deposits his ballot and passes out through an exit not the same as the entrance. If the voter has been bribed or coerced he can secretly vote as he pleases. No one will buy a vote unless he can see it delivered, as vote sellers do not command confidence, but if there are those who are foolish enough to take the word of the seller I would place such buyers at the mercy of the seller and permit him to recover by a simple course of law from the buyer double the amount paid; and if the buyer should prove to be financially irresponsible he should be imprisoned as many days as he was mulcted dollars by the conviction. The seller should be presumed to be a competent witness. Now, where is the buyer who will subject himself to blackmail from a seller? Suppose he had paid him $5 or $10 for a vote which he has no surety was delivered, he is, if responsible, liable to pay $10 or $20 more and costs or spend ten or twenty days in jail. Perhaps the shrewd seller has no desire to "kill the goose (rightly named) that lays the golden egg," but prefers to borrow from time to time small sums from the buyer, and when that "goose" declines to lay the seller still has his legal remedy for the full amount or penalty. The printing and distribution of the ballots at public cost leaves only the expense of carriages to bring sick and tardy voters to the polls, and the number of carriages can be restricted by law.

—Hotel Mail.

Here is a "tip" from E Rival, of Bayou Sara, La., who employs 150 hands: "My laborers became hearty, robust and happy from using Tutt's Pills. Often before, one-half of them were sick." Malaria succumbs to the effects of these pills. They are not a nostrum, but a scientific chemist's discovery.

THE HOLIDAYS

And the colder winter weather are now rapidly approaching. The joyful season is eagerly anticipated by young folks in thousands of homes; but in nearly all there are one or more older ones to whom the cold waves and the storms mean renewed suffering from rheumatic back or limbs. But the remarkable success Hood's Sarsaparilla has had in curing this affection is sufficient reason for those who are suffering to try this peculiar medicine.

DEMOCRATIC VOTES IN THE MARKET.

The recent admission of a well known Supreme Court Judge that the price of votes (Democratic only) at elections had suddenly gone up from $1 to $25 was read generally with surprise and by many with doubt. Then came the accusation of Gov. Hill in his message that "electors were bought and sold like goods and chattels in the open market," and doubts began to disappear, for it was believed that the Governor knew what he was talking about. Now another witness turns up in the person of Arthur L. Andrews of Albany, a Democrat, who indulged a reporter of the *Morning Express* with an interview on the merits of the Governor's message. Mr. Andrews talked about the corruption of voters, and the necessity of legislation to check it. Here is a part of what he said:

> I dare say that if the Democratic managers here were frank they would tell you that they have to buy at least half of their votes in certain districts. The men won't vote the Republican ticket, but they want pay just the same for being Democrats. The more money they think the politicians have, the more they ask for their votes.

This statement lets loose a flood of light. Mr. Andrews appears to have got as near to the truth as the Supreme Court Judge whom we have quoted and a little nearer than Gov. Hill. The Democratic difficulty is not caused by Republican money, for these purchasable men will not vote the Republican ticket. They are Democrats now and always, but having been informed that the party managers have raised an big fund for the purchase of votes, they want a share. If they get it they vote the Democratic ticket as usual. If they don't get it they stay at home. Reports from every quarter of the state indicate that they got it, and that in Elmira, where the Governor took charge of the canvass in person, the price was higher than anywhere else.

Under these circumstances it does not become Democrats to talk about the immorality of vote selling. The crime is all within their own party. No complaints come from the other side. The Republican party has chosen to rely upon the intelligence and conscience of the country. Hence it would not dare to stoop to the open and shameless methods of debauchery complained of by the Democratic leaders, who now, after acquiescing for a quarter of a century in all vicious plans for winning elections, including wholesale murder in one section of the country, are startled because the venal voter has learned to put a higher price on the valuable commodity that he carries to the polls.

The Governor says he wants more reform legislation. He likes the Australian plan, but would have it so modified that the vote-buyer can fix the voter's ticket, accompany him to the threshold of the voting place, and keep an eye on him till the vote is cast. This would not be reform; it would only enable the "heeler" to add the arts of bulldozing and intimidation to bribery, the only escape from which could be effected by resolutely staying at home. Now add to this the Governor's proposition to compel all qualified citizens to vote, and you have a system that would undoubtedly enable the party in power to cheapen the price of votes considerably.

Between the Democratic party and the voters who have made life a burden to the managers by the extravagance of their prices, a Republican Legislature has no call to interfere. The Republican party demands of the Legislature the Saxton bill as a measure both of reform in party politics, and of protection to the individual voter in his rights. Gov. Hill has vetoed this bill once, and intimates that he would do it again. Very well. The Republican party can stand it if he can. The Republican party does not pay $25 for votes. And it sees no difference in the moral quality that permits one Democrat to sell his vote for $1 and another to ask $25 for it. So long as the Democratic party makes the demand for ballot reform a question of schedules, it is going to get very little sympathy from the party whose supporters hold their votes above all price.

THE CRY FOR MORE MONEY.

Superintendent Lathrop, who was placed in charge of the state prisons because he was a Democratic politician badly in want of an office, comes to the front again with a plea for more money in his annual report. He represents the prisons as in a deplorable condition, the expenses running far ahead of the receipts, the prisoners suffering in health and morals for want of work, and all efforts to establish a successful and profitable employment system melancholy failures. Nothing has been done to improve the condition of affairs since the Legislature, called together in August last by Gov. Hill in the hope that it would vote to put $1,000,000 or $1,200,000 into Mr. Lathrop's hands, blasted Democratic hopes by voting him a paltry quarter of a million. If Mr. Lathrop had since endeavored as a matter of spite to make the prisons as bad and as costly as possible, he could hardly have produced a worse state of affairs than he sets forth in his report.

No such reports were made by Superintendent Baker, a practical business man who shut politics entirely out of his management. He made the prisons self-supporting, and instead of constantly appealing to the Legislature for more money, had a surplus to put into the treasury every quarter. There should really be no serious difference in the results of the various systems, and there would not be under a management conducted on business principles. While the state made money out of the contract system, the contractors also received satisfactory dividends. Now under a system that crowds out the contractor and allows the state the entire benefit of the prisoners' labor, it actually costs the state more to keep them at work than to support them in idleness.

The pathetic plea of the Superintendent that "the unfortunate men [convicts] are deteriorating in mind, body and moral stamina" from their enforced idleness is not likely to touch a responsive chord of sympathy in any sensible person's breast. Men who when free never did any work, but lived by preying on society, are not likely to die for want of work now. They only feel the severity of their punishment when required to do the ordinary days' work of a free workingman.

It is not a question of systems, but of brains, capacity and honesty at the head of any system, to which the attention of the Legislature should be directed. The prisons are being worked now for all the political benefits that can be squeezed out of them, and as long as this continues there will come up the cry for more money if our law-makers are patient listeners.

A BAD NOMINATION WITHDRAWN.

President Cleveland yesterday withdrew the nomination of Leon O. Bailey for United States District Attorney of Indiana without waiting for the Senators to reject it, as they certainly would have done. Bailey is the man who compiled all the campaign lies and slanders afloat against Harrison into a speech and peddled them over the state. He took a contract to indict W. W. Dudley for bribery after District Attorney Sellers had given up the prosecution as preposterous and resigned. In carrying out this contract he arranged to subpœna before the grand jury every visitor to Gen. Harrison, but suddenly abandoned the program when Senator Quay appeared, because the Senator would have a vote to cast on the question of his confirmation. Since that time Harrison's visitors have not been molested, and as there was nothing to be accomplished by the prosecution except the harrassment of the friends of the President-elect, Bailey allowed the case to drop. His nomination was regarded in Indiana as an insult to Harrison, while the character of the man himself was so bad that many Democrats condemned it. The President has at last become convinced that he made a mistake.

In place of Bailey Mr. Cleveland sent to the Senate the name of Solomon Claypool, a capable and respected Democratic lawyer of Indianapolis, who had been appointed Deputy under Bailey after Sellers' resignation. Claypool is not popular among the Democratic politicians of Indiana because of his activity in prosecuting several members of the party for election crimes and sending them to prison. But his appointment was recommended by Justice Harlan, a Republican member of the United States Supreme Court, and was made by the President in the belief that he would be confirmed by the Senate, and that the incoming President would not disturb him.

It is possible that Mr. Cleveland was not fully informed of Bailey's bad character when he appointed him. The withdrawal of the nomination is a creditable act, as is likewise the nomination of Claypool. The Senate will probably confirm the latter if his commission is made to run only till the end of Sellers' term.

JONES ON BALLOT RAFORM.

The Lieutenant Governor Speaks Out Against Governor Hill's Attitude.

[Lieut. Governor Edward F. Jones in the World.]

The most important question that should be settled by the incoming Legislature is that of ballot reform. I have given the subject as to how we can come the nearest to an honest expression of the will of the people some consideration and the following is the crude outcome of my thought: Every voter should be protected in freedom of choice as to how he will vote. To achieve this desideratum independence and secrecy are requisite. To accomplish these let the ballots be furnished by the state, county or municipality, as the case may be. The polling places should be kept free from intrusion of all others. After procuring the ballots the voter to pass through a room alone—that is to say, no person but the one voter should be allowed in the room, and he protected from observation. In that room should be placed a full set of all the ballots, easily accessible to the voter, so that if he chooses he can change his ballots with secrecy assured. He passes through the room into the voting place, deposits his ballot and passes out through an exit not the same as the entrance. If the voter has been bribed or coerced he can secretly vote as he pleases. No one will buy a vote unless he can see it delivered, as vote sellers do not command confidence, but if there are those who are foolish enough to take the word of the seller I would place such buyers at the mercy of the seller and permit him to recover by a simple course of law from the buyer double the amount paid; and if the buyer should prove to be financially irresponsible he should be imprisoned as many days as he was mulcted dollars by the conviction. The seller should be presumed to be a competent witness. Now, where is the buyer who will subject himself to blackmail from a seller? Suppose he had paid him $5 or $10 for a vote which he has no surety was delivered, he is, if responsible, liable to pay $10 or $20 more and costs or spend ten or twenty days in jail. Perhaps the shrewd seller has no desire to "kill the goose (rightly named) that lays the golden egg," but prefers to borrow from time to time small sums from the buyer, and when that "goose" declines to lay the seller still has his legal remedy for the full amount or penalty. The printing and distribution of the ballots at public cost leaves only the expense of carriages to bring sick and tardy voters to the polls, and the number of carriages can be restricted by law.

SPECIAL BUSINESS NOTICES.

The early bird catches the bronchitis, and lovers of early morning walks will find this a true maxim. If we were permitted to make a suggestion, we should whisper: "Use Dr. Bull's Cough Syrup."

BUCKLAN'S ARNICA SALVE.

PERMISSIBLE SLANG.

"Say, give me a tip," the waiter did beg,
As he chased the patrons who fled,
Then they all stopped short, each put out a leg
And they tipped him heels over head.
—Hotel Mail.

Here is a "tip" from E. Rival, of Bayou Sara, La., who employs 150 hands: "My laborers became hearty, robust and happy from using Tutt's Pills. Often before, one-half of them were sick." Malaria succumbs to the effects of these pills. They are not a nostrum, but a scientific chemist's discovery.

THE HOLIDAYS

And the colder winter weather are now rapidly approaching. The joyful season is eagerly anticipated by young folks in thousands of homes; but in nearly all there are one or more older ones to whom the cold waves and the storms mean renewed suffering from rheumatic back or limbs. It is not claimed that Hood's Sarsaparilla is a positive specific for rheumatism; we doubt if there is or can be such a remedy. But the remarkable success Hood's Sarsaparilla has had in curing this affection is sufficient reason for those who are suffering to try this peculiar medicine.

WILL YOU SUFFER with Dyspepsia and Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. For sale by F. J. R. Clarke, Kingston.

That tired, languid feeling and dull headache is very disagreeable. Take two of Carter's Liver Pills before retiring, and you will find relief. They never fail to do good.

DIDN'T WANT A GIRL.

Last summer my wife's health was all run down, and she wanted me to hire a girl to do the work. In a little while I found one I thought would suit her, when to my surprise she said I need not hire any one, as she felt much better, and thought another bottle of Sulphur Bitters would cure her. Donald Grey, 41 Worcester-Square, Boston.

KISSING GOES BY FAVOR.

But Hop Ointment goes for chapped hands, sore noses, cold cracks, etc., without fear or favor. Never fails. All druggists sell it at 25 cents a box.

GIVE IT EARLY AND OFTEN.

WOULD YOU BELIEVE

The Proprietor of Kemp's Balsam gives Thousands of Bottles away yearly? This mode of advertising would prove ruinous if the Balsam was not a perfect cure for Coughs and all Throat and Lung troubles. You will see the excellent effect after taking the first dose. Don't hesitate! Procure a bottle to-day to keep in your home or room for immediate or future use. Trial bottle Free at all druggists'. Large sizes 50c. and $1.00.

For more than a generation, Ayer's Sarsaparilla has been before the public, and its popularity was never greater than at present. As a remedy for the various disorders caused by constitutional taint, this medicine has no equal. The demand for it is prodigious.

SPECIAL BUSINESS NOTICES.

A LUCKY MAN.

Mr. Lyman Crawford, Druggist, of Springfield, Mass., says: For years I was afflicted with kidney disease in its worst form, and I state, with a perfect recollection of all that was done for me, that Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y., gave me permanent relief.
If your druggist does not keep the medicine address the proprietor, Rondout, N. Y.

A NASAL INJECTOR free with each bottle of Shiloh's Catarrh Remedy. Price 50 cents. Sold by Frederick J. R. Clark.

THEIR BUSINESS BOOMING.

Probably no one thing has caused such a general revival of trade at VanDeusen Bros., Rondout, and F. J. R. Clarke's, Kingston, Drug Stores, as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size $1. Every bottle warranted.

Rheumatism is caused by lactic acid in the blood, which Hood's Sarsaparilla neutralizes, and thus cures rheumatism.

WHY WILL YOU cough when Shiloh's Cure will give immediate relief. Price 10 cts., 50 cts. and $1. Sold by Frederick J. R. Clark.

ADVICE TO MOTHERS.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for children teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for children teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

Hop Plasters applied to the chest cure coughs and colds quicker than any cough syrup.

★ OH ! MY HEAD!! ★

Suffering of a New Jersey Senator—Dyspepsia, Sick Headache—Terrible Things.

When the stomach is torpid it soon becomes clogged with half digested matters, the blood becomes vitiated and foul; the other organs fail to act normally and induces a train of symptoms, such as dyspepsia, sick headache, dizziness, drowsiness, palpitation of the heart, pain in the back, loss of appetite.

"There are few things that I believe in with all my heart and it affords me pleasure to tell of one of them." The speaker was ex-Senator Albert Merritt, head of the large fruit firm, 82 Park Place, N. Y., and the scene his office. "I was sick and feared I had become fated to endure the

Tortures of Dyspepsia

And a dangerous affection of the kidneys. A relative said to me, 'Why don't you try Dr. Kennedy's Favorite Remedy, made at Rondout, N. Y.' I did so. I grew steadily better. I could eat, digest, sleep, and work with a clearer head and the yellow color of my skin had given place to the tones that announce pure blood and every organ of the body in healthy action. Dr. Kennedy's Favorite Remedy entitled to the credit of saving my life. If any one has a doubt about the truth of my statements let him write to me. I can give you the names and addresses of fifty persons who affirm, as I do, that 'Favorite Remedy' has been to them a help and a blessing in time of need." A. DeRevere, Tarrytown N. Y., says: "For a long time I was troubled with severe attacks of dizziness and

Blind Sick Headache

Due to impure blood and a disordered state of the system. I was advised to try Dr. Kennedy's Favorite Remedy, of Rondout, N. Y. I did so and have been completely cured. It's the best thing I ever heard of for any disorder of that nature and I have recommended it to many with like successs." Daniel Fitts, Taunton, Mass., says: "I recommend Dr. Kennedy's Favorite Remedy for dysyepsia and sick headache. I suffered for many years with these complaints and was cured by

Dr. Kennedy's Favorite Remedy."

To balance Nov. 13, 1888	$221 71	

I would call your attention to the loan of $2,000 made from the Rondout Savings Bank, at 5 per cent interest, and which amount was applied to the extension to the jail, and provision should be made for the payment of such loan, together with the interest thereon.

I would also call your attention to the statement of rejected taxes [copies of which have been delivered to the Supervisors of the various towns in which such incorrect assessments occur], and, whereas, such rejected taxes consist of a large amount of taxes which are directed by the Comptroller to be charged on the towns, as they cannot be admitted by him, and the towns having been credited with such taxes by the County, it is but just that the County should be reimbursed.

I also herewith present a statement of resident, 1886, taxes, which were not reassessed on 1887 roll, and also school taxes, which were not reassessed, and 1886 rejected taxes that were not reassessed, and consequently should be charged on the towns in which such omissions occurred.

I would also call your attention to the fact that I have paid $157—in excess of the sum of $1,500, appropriated for the burial of deceased soldiers, and would recommend that a sufficient sum be raised to pay bills for ensuing year.

I would also solicit an appropriation of $1,000 to pay non-resident school taxes, and would recommend that the Supervisor of each town furnish the Trustees of the various school districts blank forms, whereon to make their returns to County Treasurer's office of the unpaid taxes.

SPECIAL BUSINESS NOTICES.

"Give you a reason on compulsion?" Why of course I will. I am cured of rheumatism, which has kept me enslaved for twenty years, by using Salvation Oil, which cost me only 25 cents.

THE MOTHER GUIDING

Her children through the perils of infancy may be compared to a pilot steering a vessel through seas full of dangers known to him alone. Not the least of the good woman's anxieties arise from the fear of Wooping Cough, Croup and Diphtheria, the last two being especially serious and fatal. Yet multitudes of mothers now rely upon Dr. Kennedy's Cherry Balsam as a tried, trusted and successful specific for all these complaints. Containing no harmful ingredients it iswonderfully adapted to relieve the little ones. Given according to directions, if necessary in doses large enough to cause vomiting, it relieves Croup in a few minutes. It renders Whooping Cough, while running its usual course, much less wearing on the strength of the child and is an invaluable auxiliary in the treatment of that dread disease, diphtheria. In fact no home or nursery is properly equipped unless a bottle of the Balsam is always at hand. And for the blood, Dr. Kennedy's Favorite Remedy should stand by its side.

SHILOH'S CATARRH REMEDY—A positive cure for Catarrh, Diphtheria and Canker Mouth. Sold by Frederick J. R. Clark.

BRACE UP.

You are feeling depressed, your appetite is poor, you are bothered with headache, you are fidgety, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alterative that will purify your blood, start healthy action of liver and kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at Van Deusen Brothers', Rondout, and F. J. R. Clarke's, Kingston, drug store.

"WE POINT WITH PRIDE"

To the "Good name at home," won by Hood's Sarsaparilla. In Lowell, Mass., where it is prepared there is more of Hood's Sarsaparilla sold than of all other medicines, and it has given the best of satisfaction since its introduction ten years ago. This could not be if the medicine did not possess merit. If you suffer from impure blood, try Hood's Sarsaparilla and realize its peculiar curative power.

MANY GO OUT FOR WOOL AND GET SHORN,

But they who go out for Hop Ointment to cure their chapped hands or lips are never disappointed. It gets there every time. All druggists sell it, 25 cents, or mail stamps to Hop Co., New-London, Conn.

ARE YOU MADE miserable by Indigestion, Constipation, Dizziness, Loss of Appetite, Yellow Skin? Shiloh's Vitalizer is a positive cure. Sold by Frederick J. R. Clark.

PILES! PILES! ITCHING PILES.

Symptoms—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cent. Dr. Swayne & Son, Philadelphia.

FOR DYSPEPSIA and Liver Complaint, you have a printed guarantee on every bottle of Shiloh's Vitalizer. It never fails to cure. Sold by Frederick J. R. Clark.

TIME-TRIED, TRULY TESTED.

Tried for years; severely tested, and still growing in popular favor and use, is, the record enjoyed by Dr. Pierce's Pleasant Pugative Pellets—the little sugar-coated laxative granules, sold by druggists, anti-bilious and cathartic.

They begin to soothe and absorb the pain the moment you apply one. Hop Bitters.

They make one feel as though life was worth living. Take one of Carter's Little Liver Pills after eating; it will relieve dyspepsia, aid digestion, give tone and vigor to the system.

FOR WOMEN.

Are you wasting slowly but surely away from the effects of female weaknesses? Are you wan, pale, and nervous? Do you not sometimes feel that life is losing its attractions, and that you are gradually sinking into a decline which, if not taken in hand promptly, will end in an early death? Yes, you have felt all these things, and doubtless know that tens of thousands of once rosy-cheeked, plump, healthy girls and women go into their graves every year solely because these weaknesses were allowed to sap up the well springs of life till nature could no longer stand the strain. There is not a sensible maid, wife or mother who will not appreciate as more valuable than gold and precious stones Dr Fontaine's new remedy **PALMETTO**, which is safe, sure, and speedy in curing the worst case of female weakness.

Mailed secure from observation on receipt of $1.00 I also have a full line of elegant Toilet Goods, including Face Cream and Jellies, Wrinkle Paste Fattening Formula, Auburnine, Depilatory, Acnine, Freckle Lotion, etc. Development of a beautiful form a specialty. Sealed circulars, 4 cents.

★ OH! MY HEAD!! ★

Suffering of a New Jersey Senator—Dyspepsia, Sick Headache—Terrible Things.

When the stomach is torpid it soon becomes clogged with half digested matters, the blood becomes vitiated and foul; the other organs fail to act normally and induces a train of symptoms, such as dyspepsia, sick headache, dizziness, drowsiness, palpitation of the heart, pain in the back, loss of appetite.

"There are few things that I believe in with all my heart and it affords me pleasure to tell of one of them." The speaker was ex-Senator Albert Merritt, head of the large fruit firm, 82 Park Place, N. Y., and the scene his office. "I was sick and feared I had become fated to endure the

Tortures of Dyspepsia

And a dangerous affection of the kidneys. A relative said to me, 'Why don't you try Dr. Kennedy's Favorite Remedy, made at Rondout, N. Y.' I did so. I grew steadily better. I could eat, digest, sleep, and work with a clearer head and the yellow color of my skin had given place to the tones that announce pure blood and every organ of the body in healthy action. Dr. Kennedy's Favorite Remedy entitled to the credit of saving my life. If any one has a doubt about the truth of my statements let him write to me. I can give you the names and addresses of fifty persons who affirm, as I do, that 'Favorite Remedy' has been to them a help and a blessing in time of need." A. DeRevere, Tarrytown N. Y., says: "For a long time I was troubled with severe attacks of dizziness and

Blind Sick Headache

Due to impure blood and a disordered state of the system. I was advised to try Dr. Kennedy's Favorite Remedy, of Rondout, N. Y. I did so and have been completely cured. It's the best thing I ever heard of for any disorder of that nature and I have recommended it to many with like successs." Daniel Fitts, Taunton, Mass., says: "I recommend Dr. Kennedy's Favorite Remedy for dysyepsia and sick headache. I suffered for many years with these complaints and was cured by

Dr. Kennedy's Favorite Remedy."

I would call your attention to the loan of $2,000 made from the Rondout Savings Bank, at 5 per cent interest, and which amount was applied to the extension to the jail, and provision should be made for the payment of such loan, together with the interest thereon.

I would also call your attention to the statement of rejected taxes [copies of which have been delivered to the Supervisors of the various towns in which such incorrect assessments occur], and, whereas, such rejected taxes consist of a large amount of taxes which are directed by the Comptroller to be charged on the towns, as they cannot be admitted by him, and the towns having been credited with such taxes by the County, it is but just that the County should be reimbursed.

I also herewith present a statement of resident, 1886, taxes, which were not reassessed on 1887 roll, and also school taxes, which were not reassessed, and 1886 rejected taxes that were not reassessed, and consequently should be charged on the towns in which such omissions occurred.

I would also call your attention to the fact that I have paid $157—in excess of the sum of $1,500, appropriated for the burial of deceased soldiers, and would recommend that a sufficient sum be raised to pay bills for ensuing year.

I would also solicit an appropriation of $1,000 to pay non-resident school taxes, and would recommend that the Supervisor of each town furnish the Trustees of the various school districts blank forms, whereon to make their returns to County Treasurer's office of the unpaid taxes.

REPORT OF BONDS SOLD.

I would respectfully report that in compliance with the Law and Resolution of the Board of Supervisors, bonds in the sum of $60,000, were issued in series and Nos. as follows:

THE MOTHER GUIDING

Her children through the perils of infancy may be compared to a pilot steering a vessel through seas full of dangers known to him alone. Not the least of the good woman's anxieties arise from the fear of Wooping Cough, Croup and Diphtheria, the last two being especially serious and fatal. Yet multitudes of mothers now rely upon Dr. Kennedy's Cherry Balsam as a tried, trusted and successful specific for all these complaints. Containing no harmful ingredients it is wonderfully adapted to relieve the little ones. Given according to directions, if necessary in doses large enough to cause vomiting, it relieves Croup in a few minutes. It renders Whooping Cough, while running its usual course, much less wearing on the strength of the child and is an invaluable auxiliary in the treatment of that dread disease, diphtheria. In fact no home or nursery is properly equipped unless a bottle of the Balsam is always at hand. And for the blood, Dr. Kennedy's Favorite Remedy should stand by its side.

SHILOH'S CATARRH REMEDY—A positive cure for Catarrh, Diphtheria and Canker Mouth. Sold by Frederick J. R. Clark.

BRACE UP.

You are feeling depressed, your appetite is poor, you are bothered with headache, you are fidgety, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alterative that will purify your blood, start healthy action of liver and kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at Van Deusen Brothers', Rondout, and F. J. R. Clarke's, Kingston, drug store.

"WE POINT WITH PRIDE"

To the "Good name at home," won by Hood's Sarsaparilla. In Lowell, Mass., where it is prepared there is more of Hood's Sarsaparilla sold than of all other medicines, and it has given the best of satisfaction since its introduction ten years ago. This could not be if the medicine did not possess merit. If you suffer from impure blood, try Hood's Sarsaparilla and realize its peculiar curative power.

FOR DYSPEPSIA and Liver Complaint, you have a printed guarantee on every bottle of Shiloh's Vitalizer. It never fails to cure. Sold by Frederick J. R. Clark.

TIME-TRIED, TRULY TESTED.

FOR WOMEN.

Are you wasting slowly but surely away from the effects of female weaknesses? Are you wan, pale, and nervous? Do you not sometimes feel that life is losing its attractions, and that you are gradually sinking into a decline which, if not taken in hand promptly, will end in an early death? Yes, you have felt all these things, and doubtless know that tens of thousands of once rosy-cheeked, plump, healthy girls and women go into their graves every year solely because these weaknesses were allowed to sap up the well springs of life till nature could no longer stand the strain. There is not a sensible maid, wife or mother who will not appreciate as more valuable than gold and precious stones Dr Fontaine's new remedy PALMETTO, which is safe, sure, and speedy in curing the worst case of female weakness.

BOATS RUNNING ON THE HUDSON.

The River Practically Free From Ice Hereabout—Heavy Fields Southward.

The steamboat Norwich reached Newburgh yesterday with its tow of four barges. The propeller S. L. Crosby took the boats from there to New-York City, and the Norwich returned to Rondout, reaching here at about 6 o'clock last evening. Between Milton and Newburgh the ice in the Hudson is reported as being heavy.

This afternoon the steamboat Norwich went to Barrytown for an ice barge, which it will tow to the Metropolis.

Last night the propeller Florence, of Albany, arrived at this port on its way to New-York City for the freight barge Grinnell. The captain of the propeller decided to go no further south. The propeller's bow was scraped by the ice on the trip from Albany.

It is stated that the dates at which the Hudson River closed at Albany during the years from 1869 to 1888, inclusive, are as follows:

Years.	Closing	Days Open	Years.	Closing.	Days Open
1869—	Dec. 9	248	1879—	Dec. 30	291
1870—	Dec. 17	261	1880—	Nov. 26	265
1871—	Nov. 29	263	1881—	Jan. 2	287

IN RECORDER'S COURT THIS P. M.

The Troubles of A. H. Lawitch and John J. Cooney Aired.

A. H. Lawitch charged John J. Cooney with "larceny," in Recorder's Court, this City, this afternoon. The two men, according to statements made, were partners in the milling business on Albany-avenue, Kingston. They had given a mortgage on the mill building to Margaret Cooney, wife of John J. Cooney. The mortgage contained an insurance clause to the effect that Lawitch and Cooney were to insure the property for $1,200 and assign the policy to Mrs. Cooney. The building was destroyed by fire, an appraisment of loss made and the insurance company gave a draft for the loss, made payable to A. H. Lawitch, John J. Cooney and Margaret Cooney. The partners in business endorsed the draft, and, as claimed by Lawitch, Cooney took illegal means to get possession of it, and turned it over to his wife, and that he—Lawitch—has not received his portion of the insurance money.

During the progress of the trial Cooney called Lawyer Brinnier hard names. A "tussle" followed, in which Cooney's eye was blacked. Both were fined $5 by the Recorder.

The case was adjourned until next Tuesday. Cooney says he will "explain matters satisfactorily."

A SUDDEN DEATH AT ROXBURY.

An Arkville Man Drops Dead in His Brother's Store.

On Monday, Matthew Cole, of Arkville, put in an appearance in Roxbury. He stopped at the house of his brother, A. B. Cole, a merchant in that village. The visitor acted oddly. Last night he jumped out of bed and walked to his brother's store, dressed in his night clothes. After making a few rambling remarks he dropped dead on the floor. An inquest will be held.

A New Nozzle to be Used.

At a late session of the Common Council of this City, Chief Derrenbacher, of the Fire Department, was directed to make a trial of a ¾-inch fire nozzle, and ascertain if water could be thrown much higher in Kingston with it than with a 1¼-inch nozzle. A trial has been made, and the result, as stated by the Chief and Assistant Rifenbary, is satisfactory. A stream was thrown several feet higher. The ¾-inch nozzle will hereafter be used to throw water on high buildings in that part of the City.

Steamboat Pilots to Meet.

The Grand Harbor of the American Brotherhood of Steamboat Pilots of the United States, will meet in annual session in Boston on Tuesday. George B. Gage, Captain of the Rondout Harbor, and William Burnett, Captain's Clerk, will represent the Rondout Branch of the Brotherhood at the meeting.

TAX-PAYERS WHO FAVOR SEWERAGE.

Action Taken at a Meeting Held in the Eagle Hotel, Kingston, Last Night.

A meeting of tax-payers, of the First Ward of this City, was held in the Eagle Hotel, Kingston, last night, to devise a plan of sewerage for that Ward. Dr. Robert Loughran was made Chairman and William M. Hayes Secretary. There was a general discussion. Some favored a system that would embrace the whole upper part of the City. Others claimed such an undertaking would be too great—that it was only practicable at present to build a sewer through the business portion of the First Ward. All seemed agreed that the George E. Waring system of sewerage, known as the separate system, was the only proper system—that is, small pipes to be used to carry house sewerage only, and not storm water. The separate system was first put in practice in Memphis, Tenn., after the yellow fever scourge in that City, and proved a success. A Committee appointed by the Common Council, of this City, that year, reported favorable to that system. City Engineer A. Grant Childs reported on the same. He said that the mains of the Rondout section of the City, including Ponckhockie, should empty into the Rondout Creek and Hudson River; those of the upper portion of the City to run into the Esopus Creek. Mr. Childs estimated the cost of sewering the upper portion of the City at $89,771.90. The largest pipe he proposed to use was a 15-inch pipe and the smallest a six-inch pipe. This system, E. Hoohstadter, of Poughkeepsie, who was present, and who built the Poughkeepsie sewers, said he would build for the First Ward, at his own expense, if 20 men would bind themselves to pay $10 each year for 10 years. B. J. Winne said he would pay $25 a year for 10 years, and that there would be no difficulty in getting the necessary number of persons. Others present said that real estate owners of the First Ward would consider it an economical measure. It was proposed to have the main line run to what is known as the "willow trees," along the line of the Ulster & Delaware Railroad below North Front-street, there to empty into a large filter, the solids deodorized, removed and made into manure for agricultural purposes. A resolution offered by W. M. Hayes that a Committee of Seven, including the Chairman, be appointed to go before the members of the Common Council and ask for a system of sewerage to include the First, Second, Eighth and Ninth Wards was, carried. The Chair appointed as such Committee William M. Hayes, Charles D. Bruyn, John H. Cordts, B. J. Winne, William U. Mason, E. Crosby and Charles Merritt. The Secretary was directed to notify the members of the Committee to appear before the members of the Common Council at their next meeting. It was decided that the members of the Committee meet Monday evening, at 7:30 o'clock, at the same place, and that the meeting of tax-payers adjourn to the same place on Saturday evening of next week.

An Old Steamboat Captain Passes Away in Rondout—Other Deaths and Funerals.

Thomas Wilcox, of Newburgh, died suddenly on Wednesday.

John K. Neal, of Poughkeepsie, dropped dead in the Ringland House, Oswego, last evening.

Mrs. Anna Lockwood, wife of E. D. Lockwood, of Kingston, died one day recently, at the age of 29 years.

The funeral of the late Mrs. Sarah Terwilliger, held at the residence on Hasbrouck-avenue, yesterday afternoon, was largely attended. The Rev. A. K. Fuller was the officiating clergyman.

The funeral of Patrick Flannery, who died suddenly on New-Year's Night, of a congestive chill, was held in St. Mary's Catholic Church, Rondout, this forenoon. The church was crowded, and a long procession of people in vehicles followed the remains to the cemetery.

Captain George Gage, of Rondout, died this morning aged 66 years. He was for many years in the employ of the Cornell Steamboat Company, he having commanded the steamboats James Madison, the old New-York and the William Cook. Captain Gage, in his day, was one of the best known Hudson River steamboat men. When the Madison towed coal boats from this port the Delaware & Hudson Canal Company would have no other man to look after its boats than Captain Gage. The deceased leaves seven children, four daughters and three sons. The latter are Edward, Purser, and Henry E. Gage, Freight Clerk, on the steamer "City of Kingston," and George B. Gage, Captain of the propeller C. D. Mills.

A Word in Season.

We have a word to say to those in charge of entertainments given here and that is this: We shall not under any circumstances, if we know it, give entertainments or meetings a free notice in the *Mail*, when bills or other printed matter for them is given to other offices. It is frequent practice for certain parties in charge of these affairs to take their job work elsewhere and then work the *Mail* for a free advertisement for their entertainment. The *Mail* job department does all kinds of printing at the lowest rates.—*Catskill Mail.*

A BAPTIST REUNION HERE.

RED LETTER DAY FOR REV. A. K. FULLER'S CONGREGATION.

The Members of the Church Held Their First Annual Reunion on Thursday Afternoon, Evening and Night —Synopsis of Speeches.

Unity of feelings and affections is the strongest relationship.—*Publius Syrus.*

Yesterday was Red Letter Day in the history of the Wurts-Street Baptist Church, of this City—the first annual reunion of that large and influential religious organization being held. The reunion was in every respect a social and religious success.

THE AFTERNOON MEETING.

The meeting held in the afternoon was opened with devotional exercises. The Pastor, the Rev. A. K. Fuller, was in charge. He stated what had led to the holding of the reunion, its objects, etc. After a half hour spent in devotion, business was transacted. The minutes of the annual meeting were read by Church Clerk Eastman. The large membership roll was called, which proceeding was interesting, as it brought out brief letters from absent ones telling of their regrets at not being present, and of their best wishes to their brethren and sisters. The report of the Prudential Committee recommended the holding of a short prayer service at the close of the regular evening church services on Sundays, at the discretion of the Pastor. The recommendation was adopted by a "rising" and unanimous vote. An election of Clerk and Deacons followed, resulting in the re-election of Clerk O. L. Eastman and Deacons G. B. Hibbard, J. H. Allen and P. B. Warner. The Treasurer's report, as read, showed that, in addition to paying all the running expenses, $862 had been contributed for benevolent objects, and nearly $200 had been paid on the debt of the church, which is now only $973.72. The Pastor made an address complimenting the church organization on the present state of its finances, and making suggestions for the coming year. He said, in giving the heart to God the pocket-book should accompany it and every member should contribute something to the support of the church, be it ever so small. The support of the church should come first after the support of the family. Seeking to rid men of their sins is, in most instances, ridding them of poverty, which is nearly always the result of sin. To do larger work requires a larger offering. Later on the members of the church repaired to the Sunday School Room. The long metre doxology was sung, when seats were taken and refreshments were served by the ladies.

THE EVENING MEETING.

After the supper Mr. Fuller said that knowing the desire of all was to make the church more useful he would call upon George B. Hibbard, who had been a Trustee for 30 years and President of the Board for 12 years, to make some remarks upon that subject. Mr. Hibbard, in the five minutes allowed him, made an interesting speech. He said there was no way to make the church more useful than to make it self-sustaining and free of debt. He alluded to what had been done for the comfort of attendants by the Board of Trustees. Pastor Fuller, after referring to the importance the Baptist denomination attached to the office of Deacon, called upon Deacon P. B. Warner to suggest how the Deacons could help make the church more useful. Mr. Warner replied that the office was a responsible one and though the Deacons might not be better Christians than other members of the church, they should strive to honor the office. They should be spiritually-minded men and throw their hearts into every interest of the church. They should be spiritual advisers with the Pastor and they and he should meet together frequently to consult on church work. The helpfulness of the Ladies' Aid Society to the church was elucidated by an essay read by Mrs. A. K. Fuller. The essay told of the knots that had been untied and the tangels unraveled by the members of the Society. Since its organization $1,000 had been raised, and at present the Society has $85 in bank as a nucleus for a piano fund. As women always desire to "make things warm" about a house they were now interested in having the church heated by steam. They sought the temporal as well as spiritual good of the church. The object and aims of the Society of Christian Endeavor was stated by its President, Frederick Coykendall. On being asked by the Pastor to speak of the work of the Sunday School, Superintendent A. N. Barnes paid a graceful tribute to those who had preceded him in the office and to those who were at present aiding him in the work. He dwelt upon the importance of the Sunday School as an adjunct of the Church. A. E. Benson was requested to speak upon the helpfulness to the Church of the prayer meeting. He said the only way to make the prayer meeting more helpful was to help the prayer meeting. It was in the prayer meeting that the spiritual life was obtained that helped along the work of the Church including the Sunday School and the various societies attached to it.

THE PUBLIC MEETING.

At 8:20 o'clock the members again repaired to the main audience room, where public services were held. After an organ voluntary, prayer and a selection by the double quartette choir, an address was made by F. H. Griffin, of the Ponckhockie Public School, on "Lay Activity in Church Work." In defining the word layman he said the tendency was to think of its definition as to lie at rest, but this was not heeding the Gospel injunction "Feed My Lambs." He gave a picture of all that was being accomplished by the laity in the world to-day, enumerating the many societies having as their objects the amelioration of the condition of all classes and the up-building of human and Christian character. He took a hopeful view of what would be accomplished by systematic effort. He spoke of foreign mission work, home missions, of hospitals erected and of prisons and loathsome tenements visited and told what great things had been accomplished by the laity in the last decade. In closing he called attention to Paul's words in reference to faith, hope and charity. The Rev. A. K. Fuller made an earnest address on "The Useful Church." In opening he alluded to the fact that during the day he had made addresses at two funerals, and had already spoken several times during the reunion. After talking some time about what a useful church was, he summed up his remarks by telling of some of the characteristics of a useful church. "First," said he, "a useful church must be one which believes. One belief should be that the Bible is the will of God." The other characteristics dwelt upon were faith, love and joy. Said he: "There is no power like the power of love. God is useful because he is love. You can't force a man to give up an evil habit, but you can love him so that he will." Pleasure was afforded the attendants at the reunion by the excellent singing of the choir.

OTHER NOTES IN THE PORTAL.

Congregationalists residing on Washington Heights, Newburgh, organized a church last evening.

The "Love Feasts" held in the Clinton-Avenue and St. James M. E. Churches, Kingston, last evening, were largely attended and interesting to the participants.

The Rev. J. F. Williamson, of the Elmendorf-Street Presbyterian Church, Kingston, has received a handsome present from the members of his Bible class.

THE EVANGELICAL ALLIANCE.

Union services in behalf of the Evangelical Alliance will be held in the Presbyterian Church, Rondout, and in the First Reformed Church, Kingston, on Sunday. The services in the Rondout Presbyterian Church will be held in the forenoon and the services in the First Reformed Church in the evening.

Y. M. C. A. WORK.

The correspondent of THE FREEMAN at Oneonta writes: "State Secretary Griffith, of the Young Men's Christian Association, visited the Association here, last week, and on Sunday evening a largely attended union meeting of all the churches was held in the Presbyterian Church and was addressed by Mr. Griffith. His remarks showed the need of such an organization among the young men of the country, and how in time, he thought it would be one of the great factors in perfecting the union of the evangelical churches. He reported that Oneonta was far below the average in the support of the Association, mentioning such villages as Herkimer and others, with one-half the population, giving nearly double the support."

CHRISTIAN WOMEN'S WORK.

The members of the Kingston Women's Christian Temperance Union, held a meeting in the lecture room of the St. James M. E. Church, this afternoon. Officers were elected.

SUCCESSFUL CHURCH FAIRS.

There was a large number of people in attendance at the fair being held in St. Mary's School Hall, Union-avenue, Rondout, last evening. Many beautiful articles are still on exhibition and attract attention.

The fair of St. Joseph's Church, Kingston, which will close to-morrow evening, has been largely attended and successful. The Rev. James Dougherty, a former Pastor, will visit the fair to-night.

AN EXPERIENCE IN ORANGE, N. J.,

When Henry Abbey, of this City, was Editor of a Newspaper There.

It is not generally known that Poet Henry Abbey, of this City, once narrowly escaped the vengeance of a man who demanded to know "who writ that ere piece." It occurred when Mr. Abbey was editing a newspaper in Orange, N. J. He was about 21 years of age, but as will subsequently be shown, was discreet when "run to cover." He had been in Orange a short time, when a fight took place in a grocery-store groggery. The young editor saw a chance for future fame. He button-holed an "innocent spectator" of the fracas and obtained from him the nucleus of a column account of the fight. Instead of reporting the affair in the ordinary way, Mr. Abbey "wrote it up" in a humorous vein, placing the principals in a ridiculous light. They were made the butt of their companions and shunned by the good people of the place. Two days after the account was printed, Mr. Abbey sat in his sanctum in a pensive mood. Being young in the business, he wondered if editors ever became rich. Suddenly his thoughts were disturbed by the appearance of three tall, rawboned Jerseymen. One of the trio held in his hand a copy of the paper, containing a report of the fight. He said to Mr. Abbey: "Are you the duffer that done that?" Mr. Abbey arose, and placing his hands on a copy of Webster's unabridged dictionary, asked: "Why do you want to know?" "'Cause I am goin' ter smash yer" was the reply. Mr. Abbey had been gradually shuffling his feet to the only door in the room, and, as he said, "Let me look at the paper," he smashed the dictionary in the fellow's face and bolted out of the door and ran down stairs and into the bank on the first floor of the building. The President of the bank, seeing Mr. Abbey hatless and breathless, asked him what the matter was. The story was soon told. The bank official handed the editor a revolver and told him to go to his office. Mr. Abbey met the three roughs on the sidewalk, but when they saw his determined look and revolver they left, the fellow who wanted "satisfaction" remarking, "That rooster means business, I guess." After that incident when Mr. Abbey walked the streets he was pointed out: "There he goes, he's a game editor, he is."

Grand Army Men to Present a Play—Fire Discovered in the Nick of Time, Etc.

The members of the G. A. R. Post are preparing a play, which they expect to present in the near future.

There seems to be no foundation to the report that the Central Hotel property, in this village, is to change hands.

The Bogardus Art Company is still looking for a place to settle, and the prospects are that Oneonta will be "out in the cold."

L. S. Pitcher, of this village, has invented a new telephone. It is claimed that it has many advantages over the present telephone now in use, and can be used at longer distances.

What might have been a serious fire in the Yagel block, one evening recently, was discovered in time by several boys. Some malicious person had placed a small can of oil and old rags in one corner of the stairway. Directly overhead are the Salvation Army rooms, which were crowded with people.

Educational Notes.

There is an increase in the number of non-resident pupils at Kingston and Ulster Academies.

The members of the Teachers' Association will hold a meeting in the Kingston Academy, to-morrow.

A. S. Draper, State Superintendent of Schools, in a letter to School Commissioner John J. Moran, of the First School Commissioners District, writes as follows: "I have received your written report and read it with much interest. It was prepared with great care, and showed system and intelligence in its preparation. * * * I would be glad if your report of the Institute could be published as a separate document. * * * It is just such a report as I would like to see from every Institute held in the State, but you will see at once the impossibility of publishing all within the pages of a report which must include many other subjects, as well as institutes.

The members of the Rondout Social Maennerchor have completed arrangements for their masquerade ball, which will be given in Washington Hall, Rondout, on Monday night. The services of an Albany costumer have been engaged. Seats will be placed on the stage in the hall for the convenience of spectators. The grand march, in which all the masqueraders will take part, will begin at 9 o'clock. During the early portion of the evening songs will be sung by the members of the Maennerchor and visitors from other singing societies along the Hudson River.

An Old Soldier's Affliction.

S. M. Coutant, of this City, has returned from a New-York hospital, where he recently underwent a surgical operation for the removal of a malignant polypi from his left ear. The polypi was caused by heavy artillery firing in the battle of Fredericksburg. This operation, which is the fourth to which Mr. Coutant has submitted in the past 20 years, only affords temporary relief.

An Unfounded Accusation.

The correspondent of THE FREEMAN at Oneonta writes: "The young man named James McCard, who was arrested here last week by Detective Moore, on suspicion of being implicated in a murder in Idaho, last June, has been released. Evidence was received on Monday from Kingston, Pa., where he worked last summer, which was sufficient to warrant his release."

Up in Eddyville.

Grant Morehouse and Lena Brower, children of residents of Church Hill, this village, died of diphtheria on Wednesday.

A New Flora.

A correspondent of THE FREEMAN writes: "The luxuriant vegetation of Krakatoa was totally destroyed by the eruption in 1883, not a living germ being left. Three years later the Island was visited by Dr. M. Treub, who now reports having found six species of microscopic algae, which coated the rock and seemed to have formed the soil on which 11 species of ferns had taken root. A common grass of Java was growing, and there were quite a number of such species of flowering plants as first appear on coral islands. Seeds or fruit of several coral island trees were found on the shore. Krakatoa is 10 miles from the Island of Sibesie containing the nearest terrestrial vegetation, 20 miles from Sumatra and 21 from Java."

Yes, Folks Live and Learn.

One evening last summer a Rondout German who "had made up his mind" to visit New-York, rushed down on the steamer "City of Kingston's" dock just as the boat was about 20 feet away from the wharf. NEAT AND CLEAR-HEADED MEN

Abhor the idea of an attack of catarrh as they do the bite of a poison snake. Yet this foul and most disgusting disease is very common. In its first stages it occasions very little discomfort and is therefore liable to be neglected. It is an inflammation of the lining membrane of the mouth, nose and throat. The glands and membranes secrete a fluid to keep the mouth, nose and eyes moist. From cold, debility and other causes this fluid is apt to be too copious; that is catarrh. Flowing from the nostrils it causes weak and watery eyes, irritates the nose, causes sneezing and finally the coughing up and expectoration of the offensive matter. These droppings will sometimes collect so rapidly as nearly to choke the person. Unless promptly treated catarrh lasts for years, producing dreadful results. The ordinary symptoms are pain in the eyes and in the forehead over the eyes; a dull heavy headache; obstruction of the nasal passages; discharges falling into the throat, and a moist, offensive breath. On the first sign of its appearance Dr. Brown's Sarsaparilla should be taken to purify the blood, for catarrh is a blood disease. In chronic cases an immediate cure must not be expected; but this great regulator of the blood will, if its use be continued, afford speedy relief and final cure. Hay fever, or cold in the head, a disease of summer chiefly, has similar symptoms and is cured by this remedy in the same way. It is important to remember that catarrh, being neglected, or arrested, gradually creeps down into the wind pipe and lungs and may end in incurable consumption. You may easily and cheaply prevent this terrible calamity by the use of

The world's not all wisdom, nor poems nor flowers,
But each day has the same good twenty-four hours,
The same light, the same night. For your Jacobs, no tears;
They see the Rachels at the end of the years;
There's waving of wheat, and the tall, strong corn,
And his heart-blood is water, that sitteth forlorn.

BOATS RUNNING ON THE HUDSON.

The River Practically Free From Ice Hereabout—Heavy Fields Southward.

The steamboat Norwich reached Newburgh yesterday with its tow of four barges. The propeller S. L. Crosby took the boats from there to New-York City, and the Norwich returned to Rondout, reaching here at about 6 o'clock last evening. Between Milton and Newburgh the ice in the Hudson is reported as being heavy.

This afternoon the steamboat Norwich went to Barrytown for an ice barge, which it will tow to the Metropolis.

Last night the propeller Florence, of Albany, arrived at this port on its way to New-York City for the freight barge Grinnell. The captain of the propeller decided to go no further south. The propeller's bow was scraped by the ice on the trip from Albany.

It is stated that the dates at which the Hudson River closed at Albany during the years from 1869 to 1888, inclusive, are as follows:

IN RECORDER'S COURT THIS P. M.

The Troubles of A. H. Lawitch and John J. Cooney Aired.

A. H. Lawitch charged John J. Cooney with "larceny," in Recorder's Court, this City, this afternoon. The two men, according to statements made, were partners in the milling business on Albany-avenue, Kingston. They had given a mortgage on the mill building to Margaret Cooney, wife of John J. Cooney. The mortgage contained an insurance clause to the effect that Lawitch and Cooney were to insure the property for $1,200 and assign the policy to Mrs. Cooney. The building was destroyed by fire, an appraisment of loss made and the insurance company gave a draft for the loss, made payable to A. H. Lawitch, John J. Cooney and Margaret Cooney. The partners in business endorsed the draft, and, as claimed by Lawitch, Cooney took illegal means to get possession of it, and turned it over to his wife, and that he—Lawitch—has not received his portion of the insurance money.

During the progress of the trial Cooney called Lawyer Brinnier hard names. A "tussle" followed, in which Cooney's eye was blacked. Both were fined $5 by the Recorder.

The case was adjourned until next Tuesday. Cooney says he will "explain matters satisfactorily."

An Arkville Man Drops Dead in His Brother's Store.

On Monday, Matthew Cole, of Arkville, put in an appearance in Roxbury. He stopped at the house of his brother, A. B. Cole, a merchant in that village. The visitor acted oddly. Last night he jumped out of bed and walked to his brother's store, dressed in his night clothes. After making a few rambling remarks he dropped dead on the floor. An inquest will be held.

A New Nozzle to be Used.

At a late session of the Common Council of this City, Chief Derrenbacher, of the Fire Department, was directed to make a trial of a ¾-inch fire nozzle, and ascertain if water could be thrown much higher in Kingston with it than with a 1¼-inch nozzle. A trial has been made, and the result, as stated by the Chief and Assistant Rifenbary, is satisfactory. A stream was thrown several feet higher. The ¾-inch nozzle will hereafter be used to throw water on high buildings in that part of the City.

TAX-PAYERS WHO FAVOR SEWERAGE.

Action Taken at a Meeting Held in the Eagle Hotel, Kingston, Last Night.

A meeting of tax-payers, of the First Ward of this City, was held in the Eagle Hotel, Kingston, last night, to devise a plan of sewerage for that Ward. Dr. Robert Loughran was made Chairman and William M. Hayes Secretary. There was a general discussion. Some favored a system that would embrace the whole upper part of the City. Others claimed such an undertaking would be too great—that it was only practicable at present to build a sewer through the business portion of the First Ward. All seemed agreed that the George E. Waring system of sewerage, known as the separate system, was the only proper system—that is, small pipes to be used to carry house sewerage only, and not storm water. The separate system was first put in practice in Memphis, Tenn., after the yellow fever scourge in that City, and proved a success. A Committee appointed by the Common Council, of this City, that year, reported favorable to that system. City Engineer A. Grant Childs reported on the same. He said that the mains of the Rondout section of the City, including Ponckhockie, should empty into the Rondout Creek and Hudson River; those of the upper portion of the City to run into the Esopus Creek. Mr. Childs estimated the cost of sewering the upper portion of the City at $89,771.90. The largest pipe he proposed to use was a 15-inch pipe and the smallest a six-inch pipe. This system, E. Hoohstadter, of Poughkeepsie, who was present, and who built the Poughkeepsie sewers, said he would build for the First Ward, at his own expense, if 20 men would bind themselves to pay $10 each year for 10 years. B. J. Winne said he would pay $25 a year for 10 years, and that there would be no difficulty in getting the necessary number of persons. Others present said that real estate owners of the First Ward would consider it an economical measure. It was proposed to have the main line run to what is known as the "willow trees," along the line of the Ulster & Delaware Railroad below North Front-street, there to empty into a large filter, the solids deodorized, removed and made into manure for agricultural purposes. A resolution offered by W. M. Hayes that a Committee of Seven, including the Chairman, be appointed to go before the members of the Common Council and ask for a system of sewerage to include the First, Second, Eighth and Ninth Wards was, carried. The Chair appointed as such Committee William M. Hayes, Charles D. Bruyn, John H. Cordts, B. J. Winne, William U. Mason, E. Crosby and Charles Merritt. The Secretary was directed to notify the members of the Committee to appear before the members of the Common Council at their next meeting. It was decided that the members of the Committee meet Monday evening, at 7:30 o'clock, at the same place, and that the meeting of tax-payers adjourn to the same place on Saturday evening of next week.

Captain George Gage, of Rondout, died this morning aged 66 years. He was for many years in the employ of the Cornell Steamboat Company, he having commanded the steamboats James Madison, the old New-York and the William Cook. When the Madison towed coal boats from this port the Delaware & Hudson Canal Company would have no other man to look after its boats than Captain Gage. The deceased leaves seven children, four daughters and three sons. The latter are Edward, Purser, and Henry E. Gage, Freight Clerk, on the steamer "City of Kingston," and George B. Gage, Captain of the propeller C. D. Mills.

A Word in Season.

We have a word to say to those in charge of entertainments given here and that is this: We shall not under any circumstances, if we know it, give entertainments or meetings a free notice in the *Mail*, when bills or other printed matter for them is given to other offices. It is frequent practice for certain parties in charge of these affairs to take their job work elsewhere and then work the *Mail* for a free advertisement for their entertainment. The *Mail* job department does all kinds of printing at the lowest rates.—*Catskill Mail.*

A BAPTIST REUNION HERE.

RED LETTER DAY FOR REV. A. K. FULLER'S CONGREGATION.

The Members of the Church Held Their First Annual Reunion on Thursday Afternoon, Evening and Night—Synopsis of Speeches.

Unity of feelings and affections is the strongest relationship.—*Publius Syrus.*

Yesterday was Red Letter Day in the history of the Wurts-Street Baptist Church, of this City—the first annual reunion of that large and influential religious organization being held. The reunion was in every respect a social and religious success.

THE AFTERNOON MEETING.

The meeting held in the afternoon was opened with devotional exercises. The Pastor, the Rev. A. K. Fuller, was in charge. He stated what had led to the holding of the reunion, its objects, etc. After a half hour spent in devotion, business was transacted. The minutes of the annual meeting were read by Church Clerk Eastman. The large membership roll was called, which proceeding was interesting, as it brought out brief letters from absent ones telling of their regrets at not being present, and of their best wishes to their brethren and sisters. The report of the Prudential Committee recommended the holding of a short prayer service at the close of the regular evening church services on Sundays, at the discretion of the Pastor. The recommendation was adopted by a "rising" and unanimous vote. An election of Clerk and Deacons followed, resulting in the re-election of Clerk O. L. Eastman and Deacons G. B. Hibbard, J. H. Allen and P. B. Warner. The Treasurer's report, as read, showed that, in addition to paying all the running expenses, $862 had been contributed for benevolent objects, and nearly $200 had been paid on the debt of the church, which is now only $973.72. The Pastor made an address complimenting the church organization on the present state of its finances, and making suggestions for the coming year. He said, in giving the heart to God the pocket-book should accompany it and every member should contribute something to the support of the church, be it ever so small. The support of the church should come first after the support of the family. Seeking to rid men of their sins is, in most instances, ridding them of poverty, which is nearly always the result of sin. To do larger work requires a larger offering. Later on the members of the church repaired to the Sunday School Room. The long metre doxology was sung, when seats were taken and refreshments were served by the ladies.

THE EVENING MEETING.

After the supper Mr. Fuller said that knowing the desire of all was to make the church more useful he would call upon George B. Hibbard, who had been a Trustee for 30 years and President of the Board for 12 years, to make some remarks upon that subject. Mr. Hibbard, in the five minutes allowed him, made an interesting speech. He said there was no way to make the church more useful than to make it self-sustaining and free of debt. He alluded to what had been done for the comfort of attendants by the Board of Trustees. Pastor Fuller, after referring to the importance the Baptist denomination attached to the office of Deacon, called upon Deacon P. B. Warner to suggest how the Deacons could help make the church more useful. Mr. Warner replied that the office was a responsible one and though the Deacons might not be better Christians than other members of the church, they should strive to honor the office. They should be spiritually-minded men and throw their hearts into every interest of the church. They should be spiritual advisers with the Pastor and they and he should meet together frequently to consult on church work. The helpfulness of the Ladies' Aid Society to the church was elucidated by an essay read by Mrs. A. K. Fuller. The essay told of the knots that had been untied and the tangels unraveled by the members of the Society. Since its organization $1,000 had been raised, and at present the Society has $85 in bank as a nucleus for a piano fund. As women always desire to "make things warm" about a house they were now interested in having the church heated by steam. They sought the temporal as well as spiritual good of the church. The object and aims of the Society of Christian Endeavor was stated by its President, Frederick Coykendall. On being asked by the Pastor to speak of the work of the Sunday School, Superintendent A. N. Barnes paid a graceful tribute to those who had preceded him in the office and to those who were at present aiding him in the work. He dwelt upon the importance of the Sunday School as an adjunct of the Church. A. E. Benson was requested to speak upon the helpfulness to the Church of the prayer meeting. He said the only way to make the prayer meeting more helpful was to help the prayer meeting. It was in the prayer meeting that the spiritual life was obtained that helped along the work of the Church including the Sunday School and the various societies attached to it.

THE PUBLIC MEETING.

At 8:20 o'clock the members again repaired to the main audience room, where public services were held. After an organ voluntary, prayer and a selection by the double quartette choir, an address was made by F. H. Griffin, of the Ponckhockie Public School, on "Lay Activity in Church Work." In defining the word layman he said the tendency was to think of its definition as to lie at rest, but this was not heeding the Gospel injunction "Feed My Lambs." He gave a picture of all that was being accomplished by the laity in the world to day, enumerating the many societies having as their objects the amelioration of the condition of all classes and the up-building of human and Christian character. He took a hopeful view of what would be accomplished by systematic effort. He spoke of foreign mission work, home missions, of hospitals erected and of prisons and loathsome tenements visited and told what great things had been accomplished by the laity in the last decade. In closing he called attention to Paul's words in reference to faith, hope and charity. The Rev. A. K. Fuller made an earnest address on "The Useful Church." In opening he alluded to the fact that during the day he had made addresses at two funerals, and had already spoken several times during the reunion. After talking some time about what a useful church was, he summed up his remarks by telling of some of the characteristics of a useful church. "First," said he, "a useful church must be one which believes. One belief should be that the Bible is the will of God." The other characteristics dwelt upon were faith, love and joy. Said he: "There is no power like the power of love. God is useful because he is love. You can't force a man to give up an evil habit, but you can love him so that he will." Pleasure was afforded the attendants at the reunion by the excellent singing of the choir.

OTHER NOTES IN THE PORTAL.

Congregationalists residing on Washington Heights, Newburgh, organized a church last evening.

The "Love Feasts" held in the Clinton-Avenue and St. James M. E. Churches, Kingston, last evening, were largely attended and interesting to the participants.

The Rev. J. F. Williamson, of the Elmendorf-Street Presbyterian Church, Kingston, has received a handsome present from the members of his Bible class.

THE EVANGELICAL ALLIANCE.

Union services in behalf of the Evangelical Alliance will be held in the Presbyterian Church, Rondout, and in the First Reformed Church, Kingston, on Sunday. The services in the Rondout Presbyterian Church will be held in the forenoon and the services in the First Reformed Church in the evening.

Y. M. C. A. WORK.

The correspondent of THE FREEMAN at Oneonta writes: "State Secretary Griffith, of the Young Men's Christian Association, visited the Association here, last week, and on Sunday evening a largely attended union meeting of all the churches was held in the Presbyterian Church and was addressed by Mr. Griffith. His remarks showed the need of such an organization among the young men of the country, and how in time, he thought it would be one of the great factors in perfecting the union of the evangelical churches. He reported that Oneonta was far below the average in the support of the Association, mentioning such villages as Herkimer and others, with one-half the population, giving nearly double the support."

CHRISTIAN WOMEN'S WORK.

The members of the Kingston Women's Christian Temperance Union, held a meeting in the lecture room of the St. James M. E. Church, this afternoon. Officers were elected.

SUCCESSFUL CHURCH FAIRS.

There was a large number of people in attendance at the fair being held in St. Mary's School Hall, Union-avenue, Rondout, last evening. Many beautiful articles are still on exhibition and attract attention.

The fair of St. Joseph's Church, Kingston, which will close to-morrow evening, has been largely attended and successful. The Rev. James Dougherty, a former Pastor, will visit the fair to-night.

AN EXPERIENCE IN ORANGE, N. J.,

When Henry Abbey, of this City, was Editor of a Newspaper There.

It is not generally known that Poet Henry Abbey, of this City, once narrowly escaped the vengeance of a man who demanded to know "who writ that ere piece." It occurred when Mr. Abbey was editing a newspaper in Orange, N. J. He was about 21 years of age, but as will subsequently be shown, was discreet when "run to cover." He had been in Orange a short time, when a fight took place in a grocery-store groggery. The young editor saw a chance for future fame. He button-holed an "innocent spectator" of the fracas and obtained from him the nucleus of a column account of the fight. Instead of reporting the affair in the ordinary way, Mr. Abbey "wrote it up" in a humorous vein, placing the principals in a ridiculous light. They were made the butt of their companions and shunned by the good people of the place. Two days after the account was printed, Mr. Abbey sat in his sanctum in a pensive mood. Being young in the business, he wondered if editors ever became rich. Suddenly his thoughts were disturbed by the appearance of three tall, raw-boned Jerseymen. One of the trio held in his hand a copy of the paper, containing a report of the fight. He said to Mr. Abbey: "Are you the duffer that done that?" Mr. Abbey arose, and placing his hands on a copy of Webster's unabridged dictionary, asked: "Why do you want to know?" "'Cause I am goin' ter smash yer" was the reply. Mr. Abbey had been gradually shuffling his feet to the only door in the room, and, as he said, "Let me look at the paper," he smashed the dictionary in the fellow's face and bolted out of the door and ran down stairs and into the bank on the first floor of the building. The President of the bank, seeing Mr. Abbey hatless and breathless, asked him what the matter was. The story was soon told. The bank official handed the editor a revolver and told him to go to his office. Mr. Abbey met the three roughs on the sidewalk, but when they saw his determined look and revolver they left, the fellow who wanted "satisfaction" remarking, "That rooster means business, I guess." After that incident when Mr. Abbey walked the streets he was pointed out: "There he goes, he's a game editor, he is."

IN THE BUSY VILLAGE OF ONEONTA.

Grand Army Men to Present a Play—Fire Discovered in the Nick of Time, Etc.

The members of the G. A. R. Post are preparing a play, which they expect to present in the near future.

There seems to be no foundation to the report that the Central Hotel property, in this village, is to change hands.

The Bogardus Art Company is still looking for a place to settle, and the prospects are that Oneonta will be "out in the cold."

L. S. Pitcher, of this village, has invented a new telephone. It is claimed that it has many advantages over the present telephone now in use, and can be used at longer distances.

What might have been a serious fire in the Yagel block, one evening recently, was discovered in time by several boys. Some malicious person had placed a small can of oil and old rags in one corner of the stairway. Directly overhead are the Salvation Army rooms, which were crowded with people.

Educational Notes.

There is an increase in the number of non-resident pupils at Kingston and Ulster Academies.

The members of the Teachers' Association will hold a meeting in the Kingston Academy, to-morrow.

A. S. Draper, State Superintendent of Schools, in a letter to School Commissioner John J. Moran, of the First School Commissioners District, writes as follows: "I have received your written report and read it with much interest. It was prepared with great care, and showed system and intelligence in its preparation. * * * I would be glad if your report of the Institute could be published as a separate document. * * * It is just such a report as I would like to see from every Institute held in the State, but you will see at once the impossibility of publishing all within the pages of a report which must include many other subjects, as well as institutes.

Up in South-Rondout.

There is a case of diphtheria in this place.

On January 1 $100 were paid toward liquidating the debt on the Chapel.

Lafayette Assembly, No. 9,586, K. of L., of this place, will hold their second annual ball at Washington Hall, Rondout, January 16.

Hildebrant's boat-yard is a busy place at present. About 30 men are employed building a large sectional dock, and converting a ship into a barge for Luckenbach Brothers, of New York City.

On New-Year's Day several young ladies of this place played croquet on a lawn. And yet the man who predicted an early and severe winter, wears an unblushing front among the sons of men.

Rondout Social Maennerchor Ball.

The members of the Rondout Social Maennerchor have completed arrangements for their masquerade ball, which will be given in Washington Hall, Rondout, on Monday night. The services of an Albany costumer have been engaged. Seats will be placed on the stage in the hall for the convenience of spectators. The grand march, in which all the masqueraders will take part, will begin at 9 o'clock. During the early portion of the evening songs will be sung by the members of the Maennerchor and visitors from other singing societies along the Hudson River.

An Old Soldier's Affliction.

S. M. Coutant, of this City, has returned from a New-York hospital, where he recently underwent a surgical operation for the removal of a malignant polypi from his left ear. The polypi was caused by heavy artillery firing in the battle of Fredericksburg. This operation, which is the fourth to which Mr. Coutant has submitted in the past 20 years, only affords temporary relief.

An Unfounded Accusation.

The correspondent of THE FREEMAN at Oneonta writes: "The young man named James McCard, who was arrested here last week by Detective Moore, on suspicion of being implicated in a murder in Idaho, last June, has been released. Evidence was received on Monday from Kingston, Pa., where he worked last summer, which was sufficient to warrant his release."

Up in Eddyville.

Grant Morehouse and Lena Brower, children of residents of Church Hill, this village, died of diphtheria on Wednesday.

A New Flora.

A correspondent of THE FREEMAN writes: "The luxuriant vegetation of Krakatoa was totally destroyed by the eruption in 1883, not a living germ being left. Three years later the Island was visited by Dr. M. Treub, who now reports having found six species of microscopic algae, which coated the rock and seemed to have formed the soil on which 11 species of ferns had taken root. A common grass of Java was growing, and there were quite a number of such species of flowering plants as first appear on coral islands. Seeds or fruit of several coral island trees were found on the shore. Krakatoa is 10 miles from the Island of Sibesie containing the nearest terrestrial vegetation, 20 miles from Sumatra and 21 from Java."

Yes, Folks Live and Learn.

One evening last summer a Rondout German who "had made up his mind" to visit New-York, rushed down on the steamer "City of Kingston's" dock just as the boat was about 20 feet away from the wharf. Looking at the receding vessel a moment he said to a man who was standing by his side: "Py Schimeny krinks, der longer a man lives der more somedings he findts oudt."

NEAT AND CLEAR-HEADED MEN

Abhor the idea of an attack of catarrh as they do the bite of a poison snake. Yet this foul and most disgusting disease is very common. In its first stages it occasions very little discomfort and is therefore liable to be neglected. It is an inflammation of the lining membrane of the mouth, nose and throat. The glands and membranes secrete a fluid to keep the mouth, nose and eyes moist. From cold, debility and other causes this fluid is apt to be too copious; that is catarrh. Flowing from the nostrils it causes weak and watery eyes, irritates the nose, causes sneezing and finally the coughing up and expectoration of the offensive matter. These droppings will sometimes collect so rapidly as nearly to choke the person. Unless promptly treated catarrh lasts for years, producing dreadful results. The ordinary symptoms are pain in the eyes and in the forehead over the eyes; a dull heavy headache; obstruction of the nasal passages; discharges falling into the throat, and a moist, offensive breath. On the first sign of its appearance Dr. Brown's Sarsaparilla should be taken to purify the blood, for catarrh is a blood disease. In chronic cases an immediate cure must not be expected; but this great regulator of the blood will, if its use be continued, afford speedy relief and final cure. Hay fever, or cold in the head, a disease of summer chiefly, has similar symptoms and is cured by this remedy in the same way. It is important to remember that catarrh, being neglected, or arrested, gradually creeps down into the wind pipe and lungs and may end in incurable consumption. You may easily and cheaply prevent this terrible calamity by the use of

BROWN'S Sarsaparilla.

NOTES ON NEWS OF THE DAY.

ONLY two months more of Grover Cleveland. What wonder that the skies are bright?

GOV. HILL has promised to make the appointments of the Judges of the new Court of Appeals on the 17th inst. Seven Judges are to be selected from the present Supreme Court list.

MR. WHITE is running for Mayor of Windsor, Canada, on the simple platform of 'annexation to the United States." His election will not annex, but will show what the Windsorians think about it. And it is a pretty bold platform.

MRS. CLEVELAND is quoted as saying that she and her husband will visit in Buffalo for a few weeks after March 4th and then settle in Georgetown. Red Top is for sale, as it is too far from Washington for social and business convenience.

JAMES MCSHANE, late Minister of Public Works for the province of Quebec, was yesterday fined $400 at Montreal for bribing two voters, and also disqualified from sitting in Parliament for seven years. If McShane lived in the United States he would be a Democrat.

MR. BLAINE went to Washington yesterday to spend the winter. He has engaged apartments at the new La Normandie hotel, and his family will soon join him. There is no politics in this arrangement, as it was made before the election. The air of Washington agrees better with Mr. Blaine's health in winter than the frigid climate of Maine.

THE Indiana Democrats have never divulged the name of the man who gave out the alleged Dudley letter. If they were to do so, he would be indicted and sent to prison for forgery as soon as the machinery of the courts could "work him off." The Democratic effort in Indianapolis is not for the conviction of a criminal, but for the shielding of one from punishment.

ROBERT ELDER was hanged at May's Landing, N. J., yesterday for the murder of hit father. The crime was committed to protect the young man's mother, who was being brutally beaten by his father. The latter also threatened to take his son's life before the shooting occurred. There is not much mercy in Jersey justice, though the young man might have fared better if he had not served two terms in prison for stabbing assaults.

MR. TILDEN'S nephews, Samuel J., Jr., and George H., have been ordered to leave the store in Liberty-street, New York, which they have occupied as pharmacists and chemists for several years, because they cannot pay the rent. The claim against them is $250. They will remove the business to their factory at New Lebanon. The Tilden family went to smash quite rapidly after the "old man" was gone, whose shoes they had long been waiting for but did not get.

THE Boston *Herald* is to become an out-and-out Republican paper under the new management. It has been Mugwumpish for years with a Democratic tendency. The New York *Graphic* recently abandoned Democracy and walked straight into the Republican camp. The Troy *Press* was recently purchased by a thorough-going Republican, who is trying to let his Democratic patrons down easy, as a preliminary to taking a square-toed stand for his own party. Verily there has been a "campaign of intellect."

MRS. CHRISTIAN HOLZWORTH of Lowville, Lewis county, has just received a back pension amounting to $12,000 and will be paid $45 per month hereafter. Her husband has been confined in an insane asylum for sixteen years in consequence of disease contracted in the service, during which time she has maintained herself and four children by washing and other hard work. The pension comes now to sustain her in old age and after she, like her husband, is well worn out by hard service.

THE reduction of the public debt in December "less cash in the Treasury," was $14,427,595. The debt, deducting cash, is $1,134,062,258. The actual indebtedness of the United States including interest, is $1,685,363,271, having been reduced $5,611,980 during the month. During the year 1888 the funded debt was reduced by purchases $100,720,090, of which $51,327,790 was 4 per cents, and $49,392,300 was 4½ per cents. The cash in the Treasury is $60,636,264; there is also $23,743,797 of fractional silver and minor coins on hand.

LIEUT. GOV. JONES has given his views on ballot reform to the New York *World*, and we print them in another place. He disagrees with Gov. Hill at every point, and very positively on the most important one—the furnishing of ballots by the county or state, and allowing access to them only after the voter has reached the polling booth. The Governor's plan would leave the voters till exposed to the blandishments of the vote-buyer; the Lieutenant Governor's would shut the door. The Governor's plan would make office the spoil of the rich; the Lieutenant Governor's would give every honorable and capable man a chance. Jones is ahead again, just as he was on election day.

GEN. GOFF will be inaugurated Governor of West Virginia on the 4th of March. This fact is admitted by Fleming, his Democratic opponent, who will contest the election in the Legislature, which meets at that time. Senator Carr, the Independent, has taken his place in the Republican fold, and his vote will give the Republicans a majority of two in the Senate. The Republicans will at once proceed to unseat Yeater and Sweeney, two Democratic Senators who were elected by fraud. This will make the Republican majority six in the Senate and three on joint ballot. Then Goff will be elected United States Senator, and either Carr or N. B. Scott will be chosen President of the Senate and go thence to the Governor's chair. The Democrats of West Virginia begin to confess that they have been beaten at every point, though the electoral vote of the state will go to Cleveland.

MEETING OF SCIENTISTS.

The American School of Classical Archaeology Resumes its Sessions in Athens, Greece.

By Telegraph to The Freeman.

WASHINGTON, Jan. 4.—In the Senate today Mr. Sherman, from the Committee on Foreign Relations, reported a resolution [which was agreed to] calling on the President for correspondence and information touching recent occurrences in the Island of Hayti, both as relates to the state of the Government there, and to the seizure and delivery of the American vessel, the Häytien Republic.

Mr. Sherman also, from the same Committee, reported back favorably Mr. Edmunds' joint resolution as to the Panama Canal as follows:

Resolved, That the Government of the United States will look with serious concern and disapproval on any connection of any European Government with the construction or control of any ship canal across the Isthmus of Darien, or across Central America, and must regard any such connection or control as injurious to the just rights and interests of the United States and as a menace to their welfare.

Resolved, That the President be requested to communicate this expression of the views of Congress to the Governments of the countries of Europe.

The resolution was placed on the calendar, and Mr. Sherman gave notice that he would to-morrow ask for its consideration, and he hoped it would receive the unanimous approval of the Senate.

The Senate then resumed consideration of the tariff bill.

IN THE HOUSE OF REPRESENTATIVES.

By Telegraph to The Freeman.

WASHINGTON, Jan. 4.—In the House today Mr. Dunn, of Arkansas, called up the Nicaragua Canal bill, with the amendment agreed to in Committee of the Whole, upon which the previous question was ordered before the holiday recess was taken. The first amendment upon which a yea and nay vote was demanded was that offered by Mr. Holman, providing that nothing in the act shall be construed to commit the United States to liability on account of the Nicaragua Company, and requiring this proviso to be printed on every bond, certificate of stock or other obligation issued by the Company.

STRONG RAILROAD SYNDICATE FORMED

Duluth & Winnipeg Will be Built at Once to Points in North-West.

By Telegraph to The Freeman.

CHICAGO, Jan. 4.—A local paper says a meeting in this City, last week, of prominent officials and stockholders of the Duluth & Winnipeg Railroad Company, was for the purpose of forming a construction syndicate to provide means for the completion of the road. The movement resulted in the creation of one of the most powerful railroad syndicates ever organized for operation in the northwest. It is composed of eastern and western capitalists, representing New-York, Boston, Chicago, St. Paul, Duluth, Dubuque and Michigan. It is stated that the road will be built at once to the Mississippi River and to Manitoba and other points north west.

By Telegraph to The Freeman.

Ex-Lieut.-Governor Black Made Suggestions as to "Enlightening" Voters.

By Telegraph to The Freeman.

HARRISBURG, Pa., Jan. 4.—A number of prominent Democrats, including Chairman Kisner, ex-Lieutenant-Governor Black and Major Worman, of Philadelphia, held a conference here, yesterday, to arrange for the annual meeting of the Committee to discuss plans to facilitate the formation of Democratic societies, and to make them effective aids of the party. Ex-Lieutenant-Governor Black made a number of suggestions looking to the political enlightenment of the voters of Pennsylvania, by the dissemination of tariff reform tracts. Mr. Black is President of the National League of Democratic Clubs.

PERISHED ON THE STEAMER ADAMS.

The Loss of Life was 42 Instead of 14, as Previously Reported.

By Telegraph to The Freeman.

MEMPHIS, Jan. 4.—The United States inspectors who are investigating the burning of the steamer Kate Adams, have obtained evidence which satisfies them that 42 persons were lost instead of 14, as reported. It appears that 18 children among the deck passengers and 10 of the boat's crew perished in addition to the victims previously noted.

EVICTIONS IN COUNTY DONEGAL.

The Baliffs and Police Repulsed After a Desperate Struggle.

By Cable to The Freeman.

DUBLIN, Jan. 4.—The eviction of tenants on the Olphert estates at Falcarragh, County Donegal, was continued to-day. The evictors went to the house of a tenant named Doogan, but found the place defended by a score of men armed with rifles who had entrenched themselves behind the loop-holed walls. The priests who accompanied the evictors entreated the defenders to leave the house, but the men refused to pay any attention to them. The riot act was then read, and the soldiers were about to fire on the house when the magistrate stopped them and notified the party in the house that he would give them an hour in which to reflect upon the course they would pursue. After the expiration of the hour the defenders announced that they would not use their rifles. The bailiffs and police then attacked the house, and, after a desperate struggle, were repulsed. Finally the priests persuaded the men to surrender. A Police Inspector was badly wounded.

Concerning Certain Correspondence.

By Cable to The Freeman.

LONDON, Jan. 4.—The *Pall Mall Gazette*, referring to the correspondence between Count Herbert Bismarck and Sir Robert Morier, the British Ambassador to Russia, in reference to the charges that the latter sent information to Marshal Bazaine of German military movements during the war of 1870, says it regrets that Count Herbert did not profit by the chance Sir Robert Morier gave him to behave like a gentleman and a man of honor. It is sorry his subterfuge discredits the name he bears. Emperor William, says the *Gazette*, cannot desire that his father's friend should be insulted by Prince Bismarck's son.

CHICAGO, Jan. 4.—In accordance with the arrangement made yesterday, the Grievance Committee of the Brotherhood of Locomotive Engineers appeared at the general offices of the Chicago, Burlington & Quincy railroad, this morning, and a further conference with the officers of the Company in regard to the proposed settlement of the strike was held.

DEMOCRATIC VOTES IN THE MARKET.

The recent admission of a well known Supreme Court Judge that the price of votes (Democratic only) at elections had suddenly gone up from $1 to $25 was read generally with surprise and by many with doubt. Then came the accusation of Gov. Hill in his message that "electors were bought and sold like goods and chattels in the open market," and doubts began to disappear, for it was believed that the Governor knew what he was talking about. Now another witness turns up in the person of Arthur L. Andrews of Albany, a Democrat, who indulged a reporter of the *Morning Express* with an interview on the merits of the Governor's message. Mr. Andrews talked about the corruption of voters, and the necessity of legislation to check it. Here is a part of what he said:

I dare say that if the Democratic managers here were frank they would tell you that they have to buy at least half of their votes in certain districts. The men won't vote the Republican ticket, but they want pay just the same for being Democrats. The more money they think the politicians have, the more they ask for their votes.

This statement lets loose a flood of light. Mr. Andrews appears to have got as near to the truth as the Supreme Court Judge whom we have quoted and a little nearer than Gov. Hill. The Democratic difficulty is not caused by Republican money, for these purchasable men will not vote the Republican ticket. They are Democrats now and always, but having been informed that the party managers have raised an big fund for the purchase of votes, they want a share. If they get it they vote the Democratic ticket as usual. If they don't get it they stay at home. Reports from every quarter of the state indicate that they got it, and that in Elmira, where the Governor took charge of the canvass in person, the price was higher than anywhere else.

Under these circumstances it does not become Democrats to talk about the immorality of vote selling. The crime is all within their own party. No complaints come from the other side. The Republican party has chosen to rely upon the intelligence and conscience of the country. Hence it would not dare to stoop to the open and shameless methods of debauchery complained of by the Democratic leaders, who now, after acquiescing for a quarter of a century in all vicious plans for winning elections, including wholesale murder in one section of the country, are startled because the venal voter has learned to put a higher price on the valuable commodity that he carries to the polls.

The Governor says he wants more reform legislation. He likes the Australian plan, but would have it so modified that the vote-buyer can fix the voter's ticket, accompany him to the threshold of the voting place, and keep an eye on him till the vote is cast. This would not be reform; it would only enable the "heeler" to add the arts of bulldozing and intimidation to bribery, the only escape from which could be effected by resolutely staying at home. Now add to this the Governor's proposition to compel all qualified citizens to vote, and you have a system that would undoubtedly enable the party in power to cheapen the price of votes considerably.

Between the Democratic party and the voters who have made life a burden to the managers by the extravagance of their prices, a Republican Legislature has no call to interfere. The Republican party demands of the Legislature the Saxton bill as a measure both of reform in party politics, and of protection to the individual voter in his rights. Gov. Hill has vetoed this bill once, and intimates that he would do it again. Very well. The Republican party can stand it if he can. The Republican party does not pay $25 for votes. And it sees no difference in the moral quality that permits one Democrat to sell his vote for $1 and another to ask $25 for it. So long as the Democratic party makes the demand for ballot reform a question of schedules, it is going to get very little sympathy from the party whose supporters hold their votes above all price.

THE CRY FOR MORE MONEY.

Superintendent Lathrop, who was placed in charge of the state prisons because he was a Democratic politician badly in want of an office, comes to the front again with a plea for more money in his annual report. He represents the prisons as in a deplorable condition, the expenses running far ahead of the receipts, the prisoners suffering in health and morals for want of work, and all efforts to establish a successful and profitable employment system melancholy failures. Nothing has been done to improve the condition of affairs since the Legislature, called together in August last by Gov. Hill in the hope that it would vote to put $1,000,000 or $1,200,000 into Mr. Lathrop's hands, blasted Democratic hopes by voting him a paltry quarter of a million. If Mr. Lathrop had since endeavored as a matter of spite to make the prisons as bad and as costly as possible, he could hardly have produced a worse state of affairs than he sets forth in his report.

No such reports were made by Superintendent Baker, a practical business man who shut politics entirely out of his management. He made the prisons self-supporting, and instead of constantly appealing to the Legislature for more money, had a surplus to put into the treasury every quarter. There should really be no serious difference in the results of the various systems, and there would not be under a management conducted on business principles. While the state made money out of the contract system, the contractors also received satisfactory dividends. Now under a system that crowds out the contractor and allows the state the entire benefit of the prisoners' labor, it actually costs the state more to keep them at work than to support them in idleness.

The pathetic plea of the Superintendent that "the unfortunate men [convicts] are deteriorating in mind, body and moral stamina" from their enforced idleness is not likely to touch a responsive chord of sympathy in any sensible person's breast. Men who when free never did any work, but lived by preying on society, are not likely to die for want of work now. They only feel the severity of their punishment when required to do the ordinary days' work of a free workingman.

It is not a question of systems, but of brains, capacity and honesty at the head of any system, to which the attention of the Legislature should be directed. The prisons are being worked now for all the political benefits that can be squeezed out of them, and as long as this continues there will come up the cry for more money if our law makers are patient listeners.

A BAD NOMINATION WITHDRAWN.

President Cleveland yesterday withdrew the nomination of Leon O. Bailey for United States District Attorney of Indiana without waiting for the Senators to reject it, as they certainly would have done. Bailey is the man who compiled all the campaign lies and slanders afloat against Harrison into a speech and peddled them over the state. He took a contract to indict W. W. Dudley for bribery after District Attorney Sellers had given up the prosecution as preposterous and resigned. In carrying out this contract he arranged to subpœna before the grand jury every visitor to Gen. Harrison, but suddenly abandoned the program when Senator Quay appeared, because the Senator would have a vote to cast on the question of his confirmation. Since that time Harrison's visitors have not been molested, and as there was nothing to be accomplished by the prosecution except the harrassment of the friends of the President-elect, Bailey allowed the case to drop. His nomination was regarded in Indiana as an insult to Harrison, while the character of the man himself was so bad that many Democrats condemned it. The President has at last become convinced that he made a mistake.

In place of Bailey Mr. Cleveland sent to the Senate the name of Solomon Claypool, a capable and respected Democratic lawyer of Indianapolis, who had been appointed Deputy under Bailey after Sellers' resignation. Claypool is not popular among the Democratic politicians of Indiana because of his activity in prosecuting several members of the party for election crimes and sending them to prison. But his appointment was recommended by Justice Harlan, a Republican member of the United States Supreme Court, and was made by the President in the belief that he would be confirmed by the Senate, and that the incoming President would not disturb him.

It is possible that Mr. Cleveland was not fully informed of Bailey's bad character when he appointed him. The withdrawal of the nomination is a creditable act, as is likewise the nomination of Claypool. The Senate will probably confirm the latter if his commission is made to run only till the end of Sellers' term.

JONES ON BALLOT RAFORM.

The Lieutenant Governor Speaks Out Against Governor Hill's Attitude.

[Lieut. Governor Edward F. Jones in the World.]

The most important question that should be settled by the incoming Legislature is that of ballot reform. I have given the subject as to how we can come the nearest to an honest expression of the will of the people some consideration and the following is the crude outcome of my thought: Every voter should be protected in freedom of choice as to how he will vote. To achieve this desideratum independence and secrecy are requisite. To accomplish these let the ballots be furnished by the state, county or municipality, as the case may be. The polling places should be kept free from intrusion of all others. After procuring the ballots the voter to pass through a room alone—that is to say, no person but the one voter should be allowed in the room, and he protected from observation. In that room should be placed a full set of all the ballots, easily accessible to the voter, so that if he chooses he can change his ballots with secrecy assured. He passes through the room into the voting place, deposits his ballot and passes out through an exit not the same as the entrance. If the voter has been bribed or coerced he can secretly vote as he pleases. No one will buy a vote unless he can see it delivered, as vote sellers do not command confidence, but if there are those who are foolish enough to take the word of the seller I would place such buyers at the mercy of the seller and permit him to recover by a simple course of law from the buyer double the amount paid; and if the buyer should prove to be financially irresponsible he should be imprisoned as many days as he was mulcted dollars by the conviction. The seller should be presumed to be a competent witness. Now, where is the buyer who will subject himself to blackmail from a seller? Suppose he had paid him $5 or $10 for a vote which he has no surety was delivered, he is, if responsible, liable to pay $10 or $20 more and costs or spend ten or twenty days in jail. Perhaps the shrewd seller has no desire to "kill the goose (rightly named) that lays the golden egg," but prefers to borrow from time to time small sums from the buyer, and when that "goose" declines to lay the seller still has his legal remedy for the full amount or penalty. The printing and distribution of the ballots at public cost leaves only the expense of carriages to bring sick and tardy voters to the polls, and the number of carriages can be restricted by law.

★ OH! MY HEAD!! ★

Suffering of a New Jersey Senator—Dyspepsia, Sick Headache—Terrible Things.

When the stomach is torpid it soon becomes clogged with half digested matters, the blood becomes vitiated and foul; the other organs fail to act normally and induces a train of symptoms, such as dyspepsia, sick headache, dizziness, drowsiness, palpitation of the heart, pain in the back, loss of appetite.

"There are few things that I believe in with all my heart and it affords me pleasure to tell of one of them." The speaker was ex-Senator Albert Merritt, head of the large fruit firm, 82 Park Place, N. Y., and the scene his office. "I was sick and feared I had become fated to endure the

Tortures of Dyspepsia

And a dangerous affection of the kidneys. A relative said to me, 'Why don't you try Dr. Kennedy's Favorite Remedy, made at Rondout, N. Y.' I did so. I grew steadily better. I could eat, digest, sleep, and work with a clearer head and the yellow color of my skin had given place to the tones that announce pure blood and every organ of the body in healthy action. Dr. Kennedy's Favorite Remedy entitled to the credit of saving my life. If any one has a doubt about the truth of my statements let him write to me. I can give you the names and addresses of fifty persons who affirm, as I do, that 'Favorite Remedy' has been to them a help and a blessing in time of need." A. DeRevere, Tarrytown N. Y., says: "For a long time I was troubled with severe attacks of dizziness and

Blind Sick Headache

Due to impure blood and a disordered state of the system. I was advised to try Dr. Kennedy's Favorite Remedy, of Rondout, N. Y. I did so and have been completely cured. It's the best thing I ever heard of for any disorder of that nature and I have recommended it to many with like successs." Daniel Fitts, Taunton, Mass., says: "I recommend Dr. Kennedy's Favorite Remedy for dysyepsia and sick headache. I suffered for many years with these complaints and was cured by

Dr. Kennedy's Favorite Remedy."

I would call your attention to the loan of $2,000 made from the Rondout Savings Bank, at 5 per cent interest, and which amount was applied to the extension to the jail, and provision should be made for the payment of such loan, together with the interest thereon.

I would also call your attention to the statement of rejected taxes [copies of which have been delivered to the Supervisors of the various towns in which such incorrect assessments occur], and, whereas, such rejected taxes consist of a large amount of taxes which are directed by the Comptroller to be charged on the towns, as they cannot be admitted by him, and the towns having been credited with such taxes by the County, it is but just that the County should be reimbursed.

I also herewith present a statement of resident, 1886, taxes, which were not reassessed on 1887 roll, and also school taxes, which were not reassessed, and 1886 rejected taxes that were not reassessed, and consequently should be charged on the towns in which such omissions occurred.

I would also call your attention to the fact that I have paid $157—in excess of the sum of $1,500, appropriated for the burial of deceased soldiers, and would recommend that a sufficient sum be raised to pay bills for ensuing year.

I would also solicit an appropriation of $1,000 to pay non-resident school taxes, and would recommend that the Supervisor of each town furnish the Trustees of the various school districts blank forms, whereon to make their returns to County Treasurer's office of the unpaid taxes.

REPORT OF BONDS SOLD.

I would respectfully report that in compliance with the Law and Resolution of the Board of Supervisors, bonds in the sum of $60,000, were issued in series and Nos. as follows:

THE MOTHER GUIDING

Her children through the perils of infancy may be compared to a pilot steering a vessel through seas full of dangers known to him alone. Not the least of the good woman's anxieties arise from the fear of Wooping Cough, Croup and Diphtheria, the last two being especially serious and fatal. Yet multitudes of mothers now rely upon Dr. Kennedy's Cherry Balsam as a tried, trusted and successful specific for all these complaints. Containing no harmful ingredients it iswonderfully adapted to relieve the little ones. Given according to directions, if necessary in doses large enough to cause vomiting, it relieves Croup in a few minutes. It renders Whooping Cough, while running its usual course, much less wearing on the strength of the child and is an invaluable auxiliary in the treatment of that dread disease, diphtheria. In fact no home or nursery is properly equipped unless a bottle of the Balsam is always at hand. And for the blood, Dr. Kennedy's Favorite Remedy should stand by its side.

SHILOH'S CATARRH REMEDY—A positive cure for Catarrh, Diphtheria and Canker Mouth. Sold by Frederick J. R. Clark.

BRACE UP.

You are feeling depressed, your appetite is poor, you are bothered with headache, you are fidgety, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alterative that will purify your blood, start healthy action of liver and kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at Van Deusen Brothers', Rondout, and F. J. R. Clarke's, Kingston, drug store.

"WE POINT WITH PRIDE"

To the "Good name at home," won by Hood's Sarsaparilla. In Lowell, Mass., where it is prepared there is more of Hood's Sarsaparilla sold than of all other medicines, and it has given the best of satisfaction since its introduction ten years ago. This could not be if the medicine did not possess merit. If you suffer from impure blood, try Hood's Sarsaparilla and realize its peculiar curative power.

FOR WOMEN.

Are you wasting slowly but surely away from the effects of female weaknesses? Are you wan, pale, and nervous? Do you not sometimes feel that life is losing its attractions, and that you are gradually sinking into a decline which, if not taken in hand promptly, will end in an early death? Yes, you have felt all these things, and doubtless know that tens of thousands of once rosy-cheeked, plump, healthy girls and women go into their graves every year solely because these weaknesses were allowed to sap up the well springs of life till nature could no longer stand the strain. There is not a sensible maid, wife or mother who will not appreciate as more valuable than gold and precious stones Dr Fontaine's new remedy **PALMETTO**, which is safe, sure, and speedy in curing the worst case of female weakness.

BOATS RUNNING ON THE HUDSON.

The River Practically Free From Ice Hereabout—Heavy Fields Southward.

The steamboat Norwich reached Newburgh yesterday with its tow of four barges. The propeller S. L. Crosby took the boats from there to New-York City, and the Norwich returned to Rondout, reaching here at about 6 o'clock last evening. Between Milton and Newburgh the ice in the Hudson is reported as being heavy.

This afternoon the steamboat Norwich went to Barrytown for an ice barge, which it will tow to the Metropolis.

Last night the propeller Florence, of Albany, arrived at this port on its way to New-York City for the freight barge Grinnell. The captain of the propeller decided to go no further south. The propeller's bow was scraped by the ice on the trip from Albany.

It is stated that the dates at which the Hudson River closed at Albany during the years from 1869 to 1888, inclusive, are as follows:

Year.	Closing.	Days Open.	Year.	Closing.	Days Open.
1869	Dec. 9	248	1879	Dec. 30	261
1870	Dec. 17	261	1880	Nov. 26	295

1876	Dec. 2	245	1886	Dec. 3	248

IN RECORDER'S COURT THIS P. M.

The Troubles of A. H. Lawitch and John J. Cooney Aired.

A. H. Lawitch charged John J. Cooney with "larceny," in Recorder's Court, this City, this afternoon. The two men, according to statements made, were partners in the milling business on Albany-avenue, Kingston. They had given a mortgage on the mill building to Margaret Cooney, wife of John J. Cooney. The mortgage contained an insurance clause to the effect that Lawitch and Cooney were to insure the property for $1,200 and assign the policy to Mrs. Cooney. The building was destroyed by fire, an appraisment of loss made and the insurance company gave a draft for the loss, made payable to A. H. Lawitch, John J. Cooney and Margaret Cooney. The partners in business endorsed the draft, and, as claimed by Lawitch, Cooney took illegal means to get possession of it, and turned it over to his wife, and that he—Lawitch—has not received his portion of the insurance money.

During the progress of the trial Cooney called Lawyer Brinnier hard names. A "tussle" followed, in which Cooney's eye was blacked. Both were fined $5 by the Recorder.

The case was adjourned until next Tuesday. Cooney says he will "explain matters satisfactorily."

A SUDDEN DEATH AT ROXBURY.

An Arkville Man Drops Dead in His Brother's Store.

On Monday, Matthew Cole, of Arkville, put in an appearance in Roxbury. He stopped at the house of his brother, A. B. Cole, a merchant in that village. The visitor acted oddly. Last night he jumped out of bed and walked to his brother's store, dressed in his night clothes. After making a few rambling remarks he dropped dead on the floor. An inquest will be held.

A New Nozzle to be Used.

At a late session of the Common Council of this City, Chief Derrenbacher, of the Fire Department, was directed to make a trial of a ¾-inch fire nozzle, and ascertain if water could be thrown much higher in Kingston with it than with a 1¼-inch nozzle. A trial has been made, and the result, as stated by the Chief and Assistant Rifenbary, is satisfactory. A stream was thrown several feet higher. The ¾-inch nozzle will hereafter be used to throw water on high buildings in that part of the City.

TAX-PAYERS WHO FAVOR SEWERAGE.

Action Taken at a Meeting Held in the Eagle Hotel, Kingston, Last Night.

A meeting of tax-payers, of the First Ward of this City, was held in the Eagle Hotel, Kingston, last night, to devise a plan of sewerage for that Ward. Dr. Robert Loughran was made Chairman and William M. Hayes Secretary. There was a general discussion. Some favored a system that would embrace the whole upper part of the City. Others claimed such an undertaking would be too great—that it was only practicable at present to build a sewer through the business portion of the First Ward. All seemed agreed that the George E. Waring system of sewerage, known as the separate system, was the only proper system—that is, small pipes to be used to carry house sewerage only, and not storm water. The separate system was first put in practice in Memphis, Tenn., after the yellow fever scourge in that City, and proved a success. A Committee appointed by the Common Council, of this City, that year, reported favorable to that system. City Engineer A. Grant Childs reported on the same. He said that the mains of the Rondout section of the City, including Ponckhockie, should empty into the Rondout Creek and Hudson River; those of the upper portion of the City to run into the Esopus Creek. Mr. Childs estimated the cost of sewering the upper portion of the City at $89,771.90. The largest pipe he proposed to use was a 15-inch pipe and the smallest a six-inch pipe. This system, E. Hoohstadter, of Poughkeepsie, who was present, and who built the Poughkeepsie sewers, said he would build for the First Ward, at his own expense, if 20 men would bind themselves to pay $10 each year for 10 years. B. J. Winne said he would pay $25 a year for 10 years, and that there would be no difficulty in getting the necessary number of persons. Others present said that real estate owners of the First Ward would consider it an economical measure. It was proposed to have the main line run to what is known as the "willow trees," along the line of the Ulster & Delaware Railroad below North Front-street, there to empty into a large filter, the solids deodorized, removed and made into manure for agricultural purposes. A resolution offered by W. M. Hayes that a Committee of Seven, including the Chairman, be appointed to go before the members of the Common Council and ask for a system of sewerage to include the First, Second, Eighth and Ninth Wards was, carried. The Chair appointed as such Committee William M. Hayes, Charles D. Bruyn, John H. Cordts, B. J. Winne, William U. Mason, E. Crosby and Charles Merritt. The Secretary was directed to notify the members of the Committee to appear before the members of the Common Council at their next meeting. It was decided that the members of the Committee meet Monday evening, at 7:30 o'clock, at the same place, and that the meeting of tax-payers adjourn to the same place on Saturday evening of next week.

An Old Steamboat Captain Passes Away in Rondout—Other Deaths and Funerals.

Thomas Wilcox, of Newburgh, died suddenly on Wednesday.

John K. Neal, of Poughkeepsie, dropped dead in the Ringland House, Oswego, last evening.

Mrs. Anna Lockwood, wife of E. D. Lockwood, of Kingston, died one day recently, at the age of 29 years.

The funeral of the late Mrs. Sarah Terwilliger, held at the residence on Hasbrouck-avenue, yesterday afternoon, was largely attended. The Rev. A. K. Fuller was the officiating clergyman.

The funeral of Patrick Flannery, who died suddenly on New-Year's Night, of a congestive chill, was held in St. Mary's Catholic Church, Rondout, this forenoon. The church was crowded, and a long procession of people in vehicles followed the remains to the cemetery.

Captain George Gage, of Rondout, died this morning aged 66 years. He was for many years in the employ of the Cornell Steamboat Company, he having commanded the steamboats James Madison, the old New-York and the William Cook. Captain Gage, in his day, was one of the best known Hudson River steamboat men. When the Madison towed coal boats from this port the Delaware & Hudson Canal Company would have no other man to look after its boats than Captain Gage. The deceased leaves seven children, four daughters and three sons. The latter are Edward, Purser, and Henry E. Gage, Freight Clerk, on the steamer "City of Kingston," and George B. Gage, Captain of the propeller C. D. Mills.

A Word in Season.

We have a word to say to those in charge of entertainments given here and that is this: We shall not under any circumstances, if we know it, give entertainments or meetings a free notice in the *Mail*, when bills or other printed matter for them is given to other offices. It is frequent practice for certain parties in charge of these affairs to take their job work elsewhere and then work the *Mail* for a free advertisement for their entertainment. The *Mail* job department does all kinds of printing at the lowest rates.—*Catskill Mail.*

A BAPTIST REUNION HERE.

RED LETTER DAY FOR REV. A. K. FULLER'S CONGREGATION.

The Members of the Church Held Their First Annual Reunion on Thursday Afternoon, Evening and Night —Synopsis of Speeches.

Unity of feelings and affections is the strongest relationship.—*Publius Syrus.*

Yesterday was Red Letter Day in the history of the Wurts-Street Baptist Church, of this City—the first annual reunion of that large and influential religious organization being held. The reunion was in every respect a social and religious success.

THE AFTERNOON MEETING.

The meeting held in the afternoon was opened with devotional exercises. The Pastor, the Rev. A. K. Fuller, was in charge. He stated what had led to the holding of the reunion, its objects, etc. After a half hour spent in devotion, business was transacted. The minutes of the annual meeting were read by Church Clerk Eastman. The large membership roll was called, which proceeding was interesting, as it brought out brief letters from absent ones telling of their regrets at not being present, and of their best wishes to their brethren and sisters. The report of the Prudential Committee recommended the holding of a short prayer service at the close of the regular evening church services on Sundays, at the discretion of the Pastor. The recommendation was adopted by a "rising" and unanimous vote. An election of Clerk and Deacons followed, resulting in the re-election of Clerk O. L. Eastman and Deacons G. B. Hibbard, J. H. Allen and P. B. Warner. The Treasurer's report, as read, showed that, in addition to paying all the running expenses, $862 had been contributed for benevolent objects, and nearly $200 had been paid on the debt of the church, which is now only $973.72. The Pastor made an address complimenting the church organization on the present state of its finances, and making suggestions for the coming year. He said, in giving the heart to God the pocket-book should accompany it and every member should contribute something to the support of the church, be it ever so small. The support of the church should come first after the support of the family. Seeking to rid men of their sins is, in most instances, ridding them of poverty, which is nearly always the result of sin. To do larger work requires a larger offering. Later on the members of the church repaired to the Sunday School Room. The long metre doxology was sung, when seats were taken and refreshments were served by the ladies.

THE EVENING MEETING.

After the supper Mr. Fuller said that knowing the desire of all was to make the church more useful he would call upon George B. Hibbard, who had been a Trustee for 30 years and President of the Board for 12 years, to make some remarks upon that subject. Mr. Hibbard, in the five minutes allowed him, made an interesting speech. He said there was no way to make the church more useful than to make it self-sustaining and free of debt. He alluded to what had been done for the comfort of attendants by the Board of Trustees. Pastor Fuller, after referring to the importance the Baptist denomination attached to the office of Deacon, called upon Deacon P. B. Warner to suggest how the Deacons could help make the church more useful. Mr. Warner replied that the office was a responsible one and though the Deacons might not be better Christians than other members of the church, they should strive to honor the office. They should be spiritually-minded men and throw their hearts into every interest of the church. They should be spiritual advisers with the Pastor and they and he should meet together frequently to consult on church work. The helpfulness of the Ladies' Aid Society to the church was elucidated by an essay read by Mrs. A. K. Fuller. The essay told of the knots that had been untied and the tangels unraveled by the members of the Society. Since its organization $1,000 had been raised, and at present the Society has $85 in bank as a nucleus for a piano fund. As women always desire to "make things warm" about a house they were now interested in having the church heated by steam. They sought the temporal as well as spiritual good of the church. The object and aims of the Society of Christian Endeavor was stated by its President, Frederick Coykendall. On being asked by the Pastor to speak of the work of the Sunday School, Superintendent A. N. Barnes paid a graceful tribute to those who had preceded him in the office and to those who were at present aiding him in the work. He dwelt upon the importance of the Sunday School as an adjunct of the Church. A. E. Benson was requested to speak upon the helpfulness to the Church of the prayer meeting. He said the only way to make the prayer meeting more helpful was to help the prayer meeting. It was in the prayer meeting that the spiritual life was obtained that helped along the work of the Church including the Sunday School and the various societies attached to it.

THE PUBLIC MEETING.

At 8:20 o'clock the members again repaired to the main audience room, where public services were held. After an organ voluntary, prayer and a selection by the double quartette choir, an address was made by F. H. Griffin, of the Ponckhockie Public School, on "Lay Activity in Church Work." In defining the word layman he said the tendency was to think of its definition as to lie at rest, but this was not heeding the Gospel injunction "Feed My Lambs." He gave a picture of all that was being accomplished by the laity in the world to-day, enumerating the many societies having as their objects the amelioration of the condition of all classes and the up-building of human and Christian character. He took a hopeful view of what would be accomplished by systematic effort. He spoke of foreign mission work, home missions, of hospitals erected and of prisons and loathsome tenements visited and told what great things had been accomplished by the laity in the last decade. In closing he called attention to Paul's words in reference to faith, hope and charity. The Rev. A. K. Fuller made an earnest address on "The Useful Church." In opening he alluded to the fact that during the day he had made addresses at two funerals, and had already spoken several times during the reunion. After talking some time about what a useful church was, he summed up his remarks by telling of some of the characteristics of a useful church. "First," said he, "a useful church must be one which believes. One belief should be that the Bible is the will of God." The other characteristics dwelt upon were faith, love and joy. Said he: "There is no power like the power of love. God is useful because he is love. You can't force a man to give up an evil habit, but you can love him so that he will." Pleasure was afforded the attendants at the reunion by the excellent singing of the choir.

OTHER NOTES IN THE PORTAL.

Congregationalists residing on Washington Heights, Newburgh, organized a church last evening.

The "Love Feasts" held in the Clinton-Avenue and St James M. E. Churches, Kingston, last evening, were largely attended and interesting to the participants.

The Rev. J. F. Williamson, of the Elmendorf-Street Presbyterian Church, Kingston, has received a handsome present from the members of his Bible class.

THE EVANGELICAL ALLIANCE.

Union services in behalf of the Evangelical Alliance will be held in the Presbyterian Church, Rondout, and in the First Reformed Church, Kingston, on Sunday. The services in the Rondout Presbyterian Church will be held in the forenoon and the services in the First Reformed Church in the evening.

Y. M. C. A. WORK.

The correspondent of THE FREEMAN at Oneonta writes: "State Secretary Griffith, of the Young Men's Christian Association, visited the Association here, last week, and on Sunday evening a largely attended union meeting of all the churches was held in the Presbyterian Church and was addressed by Mr. Griffith. His remarks showed the need of such an organization among the young men of the country, and how in time, he thought it would be one of the great factors in perfecting the union of the evangelical churches. He reported that Oneonta was far below the average in the support of the Association, mentioning such villages as Herkimer and others, with one-half the population, giving nearly double the support."

CHRISTIAN WOMEN'S WORK.

The members of the Kingston Women's Christian Temperance Union, held a meeting in the lecture room of the St. James M. E. Church, this afternoon. Officers were elected.

SUCCESSFUL CHURCH FAIRS.

There was a large number of people in attendance at the fair being held in St. Mary's School Hall, Union-avenue, Rondout, last evening. Many beautiful articles are still on exhibition and attract attention.

The fair of St. Joseph's Church, Kingston, which will close to-morrow evening, has been largely attended and successful. The Rev. James Dougherty, a former Pastor, will visit the fair to-night.

AN EXPERIENCE IN ORANGE, N. J.,

When Henry Abbey, of this City, was Editor of a Newspaper There.

It is not generally known that Poet Henry Abbey, of this City, once narrowly escaped the vengeance of a man who demanded to know "who writ that ere piece." It occurred when Mr. Abbey was editing a newspaper in Orange, N. J. He was about 21 years of age, but as will subsequently be shown, was discreet when "run to cover." He had been in Orange a short time, when a fight took place in a grocery-store groggery. The young editor saw a chance for future fame. He button-holed an "innocent spectator" of the fracas and obtained from him the nucleus of a column account of the fight. Instead of reporting the affair in the ordinary way, Mr. Abbey "wrote it up" in a humorous vein, placing the principals in a ridiculous light. They were made the butt of their companions and shunned by the good people of the place. Two days after the account was printed, Mr. Abbey sat in his sanctum in a pensive mood. Being young in the business, he wondered if editors ever became rich. Suddenly his thoughts were disturbed by the appearance of three tall, rawboned Jerseymen. One of the trio held in his hand a copy of the paper, containing a report of the fight. He said to Mr. Abbey: "Are you the duffer that done that?" Mr. Abbey arose, and placing his hands on a copy of Webster's unabridged dictionary, asked: "Why do you want to know?" "'Cause I am goin' ter smash yer" was the reply. Mr. Abbey had been gradually shuffling his feet to the only door in the room, and, as he said, "Let me look at the paper," he smashed the dictionary in the fellow's face and bolted out of the door and ran down stairs and into the bank on the first floor of the building. The President of the bank, seeing Mr. Abbey hatless and breathless, asked him what the matter was. The story was soon told. The bank official handed the editor a revolver and told him to go to his office. Mr. Abbey met the three roughs on the sidewalk, but when they saw his determined look and revolver they left, the fellow who wanted "satisfaction" remarking, "That rooster means business, I guess." After that incident when Mr. Abbey walked the streets he was pointed out: "There he goes, he's a game editor, he is."

Grand Army Men to Present a Play—Fire Discovered in the Nick of Time, Etc.

The members of the G. A. R. Post are preparing a play, which they expect to present in the near future.

There seems to be no foundation to the report that the Central Hotel property, in this village, is to change hands.

The Bogardus Art Company is still looking for a place to settle, and the prospects are that Oneonta will be "out in the cold."

L. S. Pitcher, of this village, has invented a new telephone. It is claimed that it has many advantages over the present telephone now in use, and can be used at longer distances.

What might have been a serious fire in the Yagel block, one evening recently, was discovered in time by several boys. Some malicious person had placed a small can of oil and old rags in one corner of the stairway. Directly overhead are the Salvation Army rooms, which were crowded with people.

Educational Notes.

There is an increase in the number of non-resident pupils at Kingston and Ulster Academies.

The members of the Teachers' Association will hold a meeting in the Kingston Academy, to-morrow.

A. S. Draper, State Superintendent of Schools, in a letter to School Commissioner John J. Moran, of the First School Commissioners District, writes as follows: "I have received your written report and read it with much interest. It was prepared with great care, and showed system and intelligence in its preparation. * * * I would be glad if your report of the Institute could be published as a separate document. * * * It is just such a report as I would like to see from every Institute held in the State, but you will see at once the impossibility of publishing all within the pages of a report which must include many other subjects, as well as institutes."

Up in South-Rondout.

There is a case of diphtheria in this place.

On January 1 $100 were paid toward liquidating the debt on the Chapel.

Lafayette Assembly, No. 9,586, K. of L., of this place, will hold their second annual ball at Washington Hall, Rondout, January 16.

Hildebrant's boat-yard is a busy place at present. About 30 men are employed building a large sectional dock, and converting a ship into a barge for Luckenbach Brothers, of New York City.

On New-Year's Day several young ladies of this place played croquet on a lawn. And yet the man who predicted an early and severe winter, wears an unblushing front among the sons of men.

Rondout Social Maennerchor Ball.

The members of the Rondout Social Maennerchor have completed arrangements for their masquerade ball, which will be given in Washington Hall, Rondout, on Monday night. The services of an Albany costumer have been engaged. Seats will be placed on the stage in the hall for the convenience of spectators. The grand march, in which all the masqueraders will take part, will begin at 9 o'clock. During the early portion of the evening songs will be sung by the members of the Maennerchor and visitors from other singing societies along the Hudson River.

An Old Soldier's Affliction.

S. M. Coutant, of this City, has returned from a New-York hospital, where he recently underwent a surgical operation for the removal of a malignant polypi from his left ear. The polypi was caused by heavy artillery firing in the battle of Fredericksburg. This operation, which is the fourth to which Mr. Coutant has submitted in the past 20 years, only affords temporary relief.

An Unfounded Accusation.

The correspondent of THE FREEMAN at Oneonta writes: "The young man named James McCard, who was arrested here last week by Detective Moore, on suspicion of being implicated in a murder in Idaho, last June, has been released. Evidence was received on Monday from Kingston, Pa., where he worked last summer, which was sufficient to warrant his release."

Up in Eddyville.

Grant Morehouse and Lena Brower, children of residents of Church Hill, this village, died of diphtheria on Wednesday.

A New Flora.

A correspondent of THE FREEMAN writes: "The luxuriant vegetation of Krakatoa was totally destroyed by the eruption in 1883, not a living germ being left. Three years later the Island was visited by Dr. M. Treub, who now reports having found six species of microscopic algae, which coated the rock and seemed to have formed the soil on which 11 species of ferns had taken root. A common grass of Java was growing, and there were quite a number of such species of flowering plants as first appear on coral islands. Seeds or fruit of several coral island trees were found on the shore. Krakatoa is 10 miles from the Island of Sibesie containing the nearest terrestrial vegetation, 20 miles from Sumatra and 21 from Java."

Yes, Folks Live and Learn.

One evening last summer a Rondout German who "had made up his mind" to visit New-York, rushed down on the steamer "City of Kingston's" dock just as the boat was about 20 feet away from the wharf. NEAT AND CLEAR-HEADED MEN

Abhor the idea of an attack of catarrh as they do the bite of a poison snake. Yet this foul and most disgusting disease is very common. In its first stages it occasions very little discomfort and is therefore liable to be neglected. It is an inflammation of the lining membrane of the mouth, nose and throat. The glands and membranes secrete a fluid to keep the mouth, nose and eyes moist. From cold, debility and other causes this fluid is apt to be too copious; that is catarrh. Flowing from the nostrils it causes weak and watery eyes, irritates the nose, causes sneezing and finally the coughing up and expectoration of the offensive matter. These droppings will sometimes collect so rapidly as nearly to choke the person. Unless promptly treated catarrh lasts for years, producing dreadful results. The ordinary symptoms are pain in the eyes and in the forehead over the eyes; a dull heavy headache; obstruction of the nasal passages; discharges falling into the throat, and a moist, offensive breath. On the first sign of its appearance Dr. Brown's Sarsaparilla should be taken to purify the blood, for catarrh is a blood disease. In chronic cases an immediate cure must not be expected; but this great regulator of the blood will, if its use be continued, afford speedy relief and final cure. Hay fever, or cold in the head, a disease of summer chiefly, has similar symptoms and is cured by this remedy in the same way. It is important to remember that catarrh, being neglected, or arrested, gradually creeps down into the wind pipe and lungs and may end in incurable consumption. You may easily and cheaply prevent this terrible calamity by the use of
